in: Gollancz (UK) Orbit (USA) 7 June 2007 (UK 1st ed.) February 14, 2008 (UK 2nd) May 1, 2008 (USA) 280 (UK 1st ad. 288 (UK 2nd) 384 (USA) 978-0-575-07782-9 (UK 1st) 978-0-575-08 244-1 (Uk come 2nd) 978-0-316-02918-6 (USA) The Last Wish - the first book in the series The Witcher by Andrzej Sapkowski in terms of chronology of history although the original Polish edition was published in 1993, after the Sword of Destiny. Some of the individual short stories were first published in the journal Fantastica or in the collection of short stories Vedzmin (the first collection of sapkowski's short stories, from the press and now obsolete; all the stories were later collected in The Last Desire, The Sword of Destiny and Something Ends, Something Begins) and as such were published the first stories of witches. The first British edition was released by Gollancz on June 7, 2007, and the second edition was released the following year on February 14, 2008. The American edition was released a few months later, on May 1, 2008. Audible UK, in conjunction with Orion Books and Gollancz, released audio of The Last Wish on February 27, 2014, just weeks after it was announced. Peter Kenny's last wish reads. The Story Included Anthology uses history as part of history and contains seven major short stories. Geralt, wounded in battle, rests in the temple of Melitla in Ellander. During this time he has memories of the last events in his life - each of which forms its own story. Translations in Bulgarian: Last Wish, (InfoDar, 2008) Czech: Posledn's p'n', (Leonardo, 1999) Danish: Witcheren - Det sidste zlske, (Gyldendal, 2016) Dutch: De laatste wens , (Dutch Media Uitgevers, 2010) German: Der letzte Wunsch, (Heyne, 1998) English: The Last Wish, translated by Danusia Stok (UK - Gollancz, 2007, US - Orbit, 2008) Spanish: El zltimo deseo, translated by Jose Mar'a Faraldo (Bibli'spolis fant'stica, 2002) : Viimeinen toivomus, translated by Tapani Kärkkäinen (WSOY 2010) French: Le Dernier Vœu, (Bragelonne, 2003) Hungarian: Vaják I. – Az utolsó kívánság, translated by Szathmáry-Kellermann Viktória (PlayON 2011) Italian: Il Guardiano degli Innocenti, (Nord, 2010) Korean: 위자:이성의 목소리, (제우미디어, 2011) Lithuanian: Paskutinis noras, (Eridanas-2005, Alma Littera-2017) Portuguese: O Terceiro Desejo, translated by Tomasz Barcinski (Saída de Emergência, 2016) Brazilian Portuguese: O Último Desejo , Brazilian version translated by Tomasz Barcinski (WMF Martins Fontes , 2011) Romanian: Ultima dorință, translated by Michaela Fiskuthean (Nemira, 2019) in Russian After же́лья: 2009) Slovak language: I.S. Sachentach: The Last of the zelani translated by Karol Hmel (plus, 2015) Swedish: Den sista snskningen, (Coltso, 2010) Traditional Chinese: 獵魔士 - 最後的願望, translation 林蔚昀 (藝亞文化, 2011) Simplified Chinese: 猎魔士:白狼崛起, translation 小龙 (重庆出版社, 2015) Ukrainian: Translation: Son Dilek, translated by Regaip Minareci from German (Pegasus, 2017) Greek: no τελευτία ευχή, translated into Δημήτρης Χουλιάρδης (SE'INI, 2013) Audio version There are two audio versions of The Last Wish available in Polish. The classic audiobook, which lasted about 11 hours and was read by Roch Semenovsky, was released by superNOWA (Polish publisher of Sapkowski's works) in 1996. In 2011, after the huge success of the audio game based on Narenturma, Fonopolis and audioteka.pl released audio plays based on Last Desire and Sword of Destiny. Last Wish, which lasted about 12 hours, was voiced by 52 actors, including Krzysztof Banashik (Vernon Roche in The Killers of Kings) as Geralt, Anna Dereshkovskaya as Ennefer, Savimir Pachek (minor characters in video games) as Dandwick and Krzysztof Goshtila as the narrator. Samples of all the stories can be found on the audioteka.pl website. The Bagin Film Adaptation of the film announced for 2017 states that it will: will be based on themes from the stories of The Witcher and the Lesser Evil from the collection Last Desire. The director will be Tomasz Baginsky, nominated for an Oscar for the film The Cathedral. Notes in the Polish edition, he stated that Crach Craite is the nephew of the maternal (siostrzeniec) King Branagh, which means that the king had a sister who married craites, something that is lost in most translations. The book covers the second edition of the softcover. Hardcover edition (along with the Sword of Destiny). The fourth edition of the softcover, developed together with CD Projekt.Cover audiobook/audio game. Audiobook/audio cover. Cover of the Polish edition (October 2014). The cover of the premium box Videmin (8 vol., December 2014). Cover of the Polish award edition (December 2014). UK in hardcover and paperback (2007).UK mass market paperback edition (2008). (2008). Italian edition, Nord, 2010.Lithuanian edition as Last Wish and Miecz przeznaczenia. The second Lithuanian edition. It contains seven stories, and represents our main character in both games and books. Geralt. Humans - Geralt turned his head - how to invent monsters and monsters. Then they seem less Mon Last summer I became completely obsessed with The Witcher 3: Wild Hunt where I took screenshots like this: (Add me to Steam!) And once I finished with DLC I knew I had to finally read the book to fill the void I now carry in my heart. This book has been translated from Polish into English. It contains seven stories, and represents our main character in both games and books. Geralt. Humans - Geralt turned his head - how to invent monsters and monsters. Then they seem less monstrous themselves. The events in these seven stories take place before the Sword of Destiny, which is another collection of short stories, and before the Blood of the Elves, the first actual full-length novel in this series. Just like The world is so magical, quirky, full of twists and turns, and it never disappoints. Two of these stories are so very important in understanding why Geralt feels like he's making about two very predominate characters who talked about much more detail later in this world. And seeing the Geralt and Ian Origin story gave me all the feelings (sorry Triss fans, but walk away.) I'm going to break every story with my personal feelings and beliefs. Spoilers will be ahead! So please be careful while reading if you haven't read this collection of short stories and don't want to be spoilt for events that lead to mainstream history and video games! In order to become a witch, you must be born in the shadow of fate, and very few are born so. That's why we're so few. We grow old, we die, without anyone to pass on our knowledge, our gifts. We lack successors. And this world is full of evil, which awaits the day when none of us are left. 1.) Voice of Reason This story begins in true witch fashion: with Geralt having a sexy time with a random girl! We also met Geralt's notorious friend, Dandelion Bard. Geralt starts talking about how hard it is to be a witch and make a living from it. When after leaving, the man approaches Geralt and largely forces Geralt to fight without being able to touch his opponent. Geralt quickly proves how clever and cunning he really is, and why he makes this series so addictive to read and learn about. 2.) The witch Geralt goes to a new city, where the king became pregnant with his sister seven years ago. Unfortunately, the sister and baby died at birth, but the baby is now awake and seems to be a werewolf, and causing havoc in the city. Geralt goes to kill her, but someone gives him advice that if he does not allow the werewolves to return to the coffin for three days, she will turn into an ordinary girl. He is also bribed to run away, but Geralt, being an outstanding and noble man, he uses the bribe as bait instead! Geralt can hide in the girls' coffin for three nights, and she turns into an ordinary girl on the third morning! 3.) Grain of Truth Images of this story is really a level above what fantasy usually gives us nowadays. Geralt travels again, and finds two bodies that appear to have come from an abandoned mansion. After further inspection of the house is owned by a cursed man named Nivelen. He was cursed by a priest to become a beast, but the house obeys his every wish. Traveling merchants even come from all sides and trade their daughters to it for a certain period of time for currency. Nivelen has tried everything, and the curse is never broken! But when his newest girl, who ended up not all that she seems to be, and Responsible for two bodies Geralt originally found, begins fight with Geralt, Nivelden forced to help help and the curse is broken. Yes, it's a legally wrapped version of Beauty and the Beast. 4.) Lesser Evil again in the new city, Geralt killed the monster and seeks compensation. He goes to the magician he knew before, and asks Geralt to kill for him a monster. The monster ends up being a young girl, and when Geralt talks to her, he realizes that she is looking for revenge for what the magician did to her. After she and Geralt get to know each other, she promises to back off, because nothing good will come of it. Geralt wakes up in the morning and realizes that she lied. He knows where she will be, so he meets her and ends up having to fight her. He wins and she must die, but Geralt is confronted with the question of what is really evil, and refuses to let the magician take her body. Only Evil and Big Evil exist beyond their borders. In the shadows, lurking True Evil. True Evil. Geralt, is something you can barely imagine, even if you believe nothing else can surprise you. And sometimes True Evil grabs you by the throat and demands that you choose between him and another, a little less, Evil. 5.) The question of the price of this story has completely blown my mind, and probably has the biggest life-changing event for Geralt in it. During the party, where this meeting takes place, a knight comes and demands the daughter of the queen Calante, the princess, which he earned. Unfortunately, this knight is also cursed, but Geralt is able to lift the curse. Knight may marry a princess, but Geralt knows that they have seen each other for some time because the princess is pregnant. They ask Geralt what he would like for a fee, and he gives a very veiled answer, and says he will be back in six years to see if he is lucky. (spoiler view) It's 100% his adopted daughter Siri! She's my second favorite character, only Geralt, in all the games, and she completely changes the life of Geralt (and Ian) forever. Knowing what I know from the games, this story was about so special to my heart. 6.) The edge of the world Geralt and Dandelion stopped and looking for work. A local man tells them about a devil who is no good. Side note, I listened to this on the audiobook, and the devil's voice made me want to kill someone. God, please never do that if you're the voice of an actor. Anyway, the devil, called Torque, likes to play games and Geralt and Dandelion are eventually captured. When they wake up, they find themselves among the elves, still connected, and hear all about how the elves want to take revenge on people. The queen of the Fields comes and saves them, and tells Geralt that he is destined for greatness and that they will meet again. 7.) The last desire to be yet, my heart -- this chapter was all I had ever known that wanted in my mine Again, Geralt and Dandelion together and decided to have breakfast. Dandelion ends up fishing until the genie, or genie, in a magic vase. It eventually hurts the dandelion, and Geralt says he thinks it's exorcism to make it stop. The dandelion takes a turn for the worse, and Geralt knows he has to act fast. He rushes the dandelion to the city, where he is informed that his best chance of survival will be a sorceress named Yennefer. Yes, it's their origin story, and it ends up being all I ever wanted it to be. Yennefer is able to heal dandelion, but it has an alternative motive; she wants to use the power of the genie for herself. She also demands payment from Geralt, which she receives by owning it, to publicly punish the men who offend her. He wakes up in a prison where he tells the average guard to blow up, in which he does. Geralt doesn't have time to think about it because Yennefer comes to town with a genie that destroys everything. Geralt is able to save the townspeople, but in an attempt to save Ennefer himself, she refuses, and it seems that she is more likely to die, trying to take over the powers of the genie. Geralt realizes that the reason Ennefer could not possess force is because Gin considers Geralt his master, and he accidentally made two of his three desires. Yennefer urges Geralt to make a third and final wish so she can try, but Geralt knows that the gin will kill her as soon as the request leaves his lips. Geralt then makes his last wish that none of us know what it really is, only that he ties him and Yennefer together forever. We knew that Geralt fell in love with Enneber as soon as he laid eyes on her. There are so many theories about what he wanted, but I don't think we'll ever get confirmation. He might wish Ian to love him, but it's so un-Geralt, I can't believe he'll ever do it. He might wish them to have a child, and since the witches are sterile, that may be why Siri comes into their lives and would still protect Yennefer from the genie. Hell, it can be seriously so simple and tying their lives together forever, so, throughout the game, it feels like going through the same together, even if they're not physically together. We'll never know, but I think it's fine in itself. Love and blood. They both have mighty power. Wizards and pundits have been racking their brains over this for years... This world, these characters, these adventures, it's all really about all the expectations I set before reading any fantasy novel. It's something special that I can't form perfect combinations for words to be able to praise it enough. Please give this world a try, whether it's games or novels, because this kind of perfection is beyond Yes, and this book completely ends with Geralt and Ian Ian crazy my God, we are still alive sex and I wouldn't want it any other way. Also, Dandelion is such an innocent little roll of cinnamon I can't deal with. During his life, the witch met thieves who looked like city councillors, councillors who looked like beggars, harlots who looked like princesses, princesses who looked like calving cows and kings who looked like thieves.
