I don't know why, but this is how the book ends.I love it. - James Elroy,U. of Northern Colorado, fellow technopreneur and friend Authors of Graphic Design Roles: \*\*James Elroy\*\*, joined the Adobe Creative Suite team to help create the new software, and now has been hired to be a Senior Technical Evangelist with Adobe. From 1996 to 2005 he worked at HighJump Software in Addison, IL, where he was vice president of quality, leading a team of programmers that developed, maintained, and shipped digital imaging applications. He began as a business analysis programmer and then transitioned to the development team. He was a co-inventor of one of the most popular digital imaging technologies, Digital Asset Management. In 2005 he joined Adobe. Previously he was a technical consultant at HighJump Software. He is also a technopreneur and a founding member of the Ventura County chapter of PASS (Peer-to-Senior-Active-Software-Engineers), as well as the Ventura County chapter of VENT (Visiting Entrepreneurs). He is the author of The Best of Graphic Design. \*\*Barton S. Alderson\*\*, is a graphic designer, author and web designer. He has been an Adobe Certified Expert since 1998. Barton has written numerous books and articles including the best-selling title Digital Photography Secrets, The Art of Design and Web Graphics Secrets. He is also the author of Go Live for \$0. Barton is also the President of Alderson Design Services in Ventura, CA, with a client list that includes Adobe, ChannelAdvisor, Google, eBay, and the U.S. government. \*\*George Kramer\*\*, is an expert in how to use Adobe InDesign as a visual editor, as well as how to create specific document layouts and print production, and how to adapt documents for the Web. He has been teaching courses on InDesign since 1997, and he is also the author of the book, "InDesign: The Missing Manual." George is also a freelance trainer, presenter, and writer. He is the founder of the Graphics Revolution, a presentation and consulting firm in Ventura, California. George has been published in more than 30 books, hundreds of articles, and he's been quoted in articles published in the New York Times, 520fdb1ae7
