

# The Monkey's Paw

## Phase 4 Dining Guidelines

**Due to our drastically reduced seating capacity,  
there is a 2 HOUR LIMIT for dining  
and a 90 MINUTE LIMIT for parties just drinking.**

- **Masks MUST be worn WHENEVER YOU INTERACT WITH OUR STAFF** or when you are not seated at your table or bar seat. Your masks protect us, and our masks protect you.
- We greatly appreciate if you can wear your mask as much as possible while interacting with our staff, but we understand that this might not be an option while dining or drinking.
- We will try our best to minimize interaction with your table, but please let us know if you need anything.
- **NO standing or milling about.** You may only leave your table or bar seat if travelling to the restroom.
- Restrooms:
  - **Masks MUST be worn** when travelling to and from the restroom.
  - Please observe the social distancing rule of six (6) feet when travelling to and from the restroom.
  - If you are sitting outside, please enter the restaurant from the front door and exit through the rear door to encourage a one-way flow of traffic.
  - **WASH YOUR HANDS** before leaving the restroom.
- Please be patient as we are all adjusting to the new way of service.
- Thank you for joining us. We are so happy to be serving you again!
