

THRIVE MEDCARE

PSYCHOTHERAPY

If your hospital lacks a dedicated psychological capacity—leaving emotional wounds unaddressed while physical conditions heal. Thrive embeds our own licensed psychologists specialized across children, adolescents, youth, and adults to deliver a comprehensive clinical and general counseling for your inpatients and outpatients seamlessly.

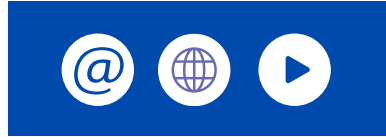

SPEECH & LANGUAGE

Communication and language disorders in children are usually unaddressed. Thrive embeds our licensed Speech and Language Therapists, Occupational Therapists and Special Needs Care Assistants to restore delayed speech, articulation and Language for your pediatric and adult inpatients and outpatients, ensuring every patient can be diagnosed and supported.

ADDICTION RECOVERY

Substance and behavioral dependencies silently undermine recovery. Thrive embeds Addiction-Informed Psychotherapists skilled in treating both substance abuse and behavioral compulsions across all age groups, delivering compassionate, evidence-based care for your inpatients and outpatients to support whole-person healing alongside medical treatment.

STAFF WELLNESS

Moral injury, burnout, compassion fatigue—that standard Employee Assistance Programs miss. Thrive embeds confidential one-on-one psychotherapy, resilience workshops, and crisis support directly within your facility, nurturing the healers who sustain your mission so they remain whole, present, and able to give their best day after day. Let's not ignore the Crisis. Act!

ABOUT THRIVE

Thrive Medicare is a dedicated arm of Zola AllCare—Africa's emerging Psychosocial and Physical Infrastructure. We equip Hospitals/Medical Service Institutions, Schools and Corporates with embedded, human-centered support so staff thrive, families feel seen, and healing becomes whole.

Partnership

Zola-Hospital/Clinic Partnership is focused on the needs of the patients.

Our Mission

Building consent-based, culturally rooted systems that protect the human mind.

Operation

We apply the Consultant Expert System for Patients and Plug in System for Staff Support
