[Verse]

Yeah, heard the diesel drumming all down the line

Oh, heard the wires a humming all down the line

Yeah, hear the women sighing all down the line

Oh, hear the children crying all down the line

We'll be watching out for trouble, yeah

And we'd better keep the motor running, yeah

Well, you can't say yes and you can't say no

Just be right there when the whistle **blows**

I need a sanctified girl with a sanctified mind to help
me now

Yeah, all the people singing all down the line

Mmmm, watch the men all working, working, yeah

You're gonna open up the throttle, yeah

We're going to bust another bottle, yeah

I need a **shot** of salvation, baby, once in a while

Hear the whistle **blowing**, hear it for a thousand miles

You're gonna open up the throttle, yeah

All down the line, We're going to bust another bottle,

yeah

Well you can't say yes, and you can't say no

Just be right there when the whistle **blows**

I need a sanctified mind to help me out right now

Be my little baby for a while

Won't you be my little baby for a while?
