

The Rolling Stones - Let It Loose

[Verse]

Who's that woman on your arm all dressed up to do
you harm

And I'm hip to what she'll do, give her just about a
month or two

Bit off more than I can chew and I knew what it was
leading to

Some things, well, I can't refuse

One of them, one of them the bedroom blues

She delivers right on time, I can't resist a corny line

But take the shine right off you shoes

Carrying, carrying the bedroom blues

In the bar you're getting **drunk**, I ain't in love, I ain't in
luck

Hide the switch and shut the light, let it all come
down tonight

Maybe your friends think I'm just a stranger

Your face I'll never see no more

Let it all come down tonight

Keep those tears hid out of sight, let it loose, let it all
come down
