Skullsworn (Chronicle of the Unhewn Throne) by Brian Staveley #Fantasy@best_audiobooks #Brian_Staveley @best_audiobooks Brian Staveley's new standalone returns to the critically acclaimed Chronicle of the Unhewn Throne universe, after the priestess tries to join the ranks of No Death.Vollständig anzeigen... Pyrrre Lakatur does not like the word skullsworn. It fails to capture the faith and mercy, peace, and beauty of her devotion to the God of Death. She is not, in her mind, a murderer, not a murderer - she is a priestess. At least she will be a priestess if she manages to pass her last trial. The problem is not killing. Pyrrre has been killing and training to kill, studying with some of the most deadly men and women in the world since she was eight. The problem, strangely, is love. To pass her Trial, Pyrrre has ten days to kill ten people listed in the ancient song, including what you like/which won't come again. Pyrrre isn't sure she's ever been in love. If she were a member of another religious order, less devoted, disciplined order, she would cheat. Ananshael priests, however, don't look kind to the cheaters. If Pyrrre can't find someone to love, or fails to kill that someone, they will give her a god. Pyrrre is not afraid to die, but she hates to give up, hates to fail, and so, with a month before her trial begins, she returns to the city of her birth, a place where she long offered an abusive father to God and abandoned a battered brother, in the hope of finding love... and end it on the edge of her sword. Page 2 Happy Letter with Vi Keeland #Romance@best_audiobooks #Vi_Keeland @best_audiobooks From New York Times best-selling authors Vi Keeland and Penelope Ward comes to a love story about taking opportunities and surprises that come with them. Näytä kokonaan... My love story all started with a letter. Only it wasn't from the man with whom I would eventually fall in love. It was from his daughter. A sweet little girl named Birdie Maxwell who'd written on the magazine that I worked for. You see, once a year, my employer fulfilled some wishes for readers. For months, only this column has started. So I fulfilled some of her desires myself. It was harmless... so I thought. Until one day I took things too far. While anonymously giving yet another Birdie wish, I got a look at her father. Her devastatingly beautiful, lonely dad father. I would have stopped playing fairy aunt then. I should have been left well enough alone. But I just couldn't help myself. I had a connection with this girl. One that had me acting irrationally. Just like showing up on their doorstep. 5.7K Piranesi by Susanna Clarke #Fantasy@best_audiobooks #Susanna_Clarke @best_audiobooks From New York Times bestselling author Jonathan Strange & Mr. Norrell, an intoxicating, hypnotic new novel made a dreamy alternative to reality. Näytä kokonaan... Piranesi's house is not an ordinary building: its rooms are endless, its corridors endless, its walls are lined with thousands of to thousands of statues, each different from everyone else. In the halls, the labyrinth is trapped in the ocean; Waves thunder up stairs, rooms are flooded in an instant. But Piranesi is not afraid; he understands the tide when he understands the same labyrinth pattern. He lives to explore the house. There is another man in the house, a man called Citi, who visits Piranesi twice a week and asks for help with research in Great and Secret Knowledge. But as Piranesi explores, evidence emerges of another person, and the terrible truth begins to unravel, revealing the world behind one Piranesi has always known. For readers of Neil Gaiman's Ocean at the end of the Lane and fans of Madeline Miller's Circe, Piranesi introduces an amazing new world, an endless maze full of amazing images and surreal beauty, haunted by tides and clouds. 5.2K giver stars with Jojo Moyes #Historical_Fiction@best_audiobooks #Jojo_Moyes @best_audiobooks From author Of Me Before You, set in depression-era America, a breathtaking story about five extraordinary women and their remarkable journey through Kentucky and beyond the mountains. Näytä kokonaan... Alice Wright marries handsome American Bennett Van Cleve in hopes of avoiding her stifling life in England. But the small town of Kentucky quickly turns out to be equally claustrophobic, especially living with her listening father-in-law. So , when the call is for the women's team to deliver books as part of Eleanor Roosevelt's new traveling library, Alice signs of enthusiasm. The leader, and soon Alice's greatest ally, is Margery, a smart-spoken, self-sufficient woman who has never asked for a man's permission for anything. They will be joined by three other single women who become known as The Kentucky Packhorse Librarians. What happens to them and the men they love becomes a memorable drama of loyalty, justice, humanity and passion. These heroic women refuse to be a besle-edict or a suffix. And while they face all sorts of dangers in a landscape that is sometimes breathtakingly beautiful, others brutal, they committed to their work: bringing books to people who never had, arming them with facts that will change their lives. Based on a true story rooted in America's past, the giver of stars is unparalleled in its scope and epic in its story. Funny, heartbreaking, enthralling, it's supposed to become a modern classic—a richly rewarding novel of female friendship, true love, and about what happens when we reach out to our grasp of the great behind. 18K I highly recommend this book! OH BABE THANK YOU! I'm looking for this book, but I don't remember the name. I really appreciate them as you have all the books presented and sorted out! It made it easier for me to find. A Dream of Armageddon by MV Wells (BBC) I woke up, I say, because the girl had stopped fanning me. I was surprised to find myself there or something of this kind, you understand. I didn't feel I had fallen for it suddenly. I just took it up at this point. Whatever memories I have of this life, this nineteenth-century life, faded as I woke up, disappeared like a dream. I knew everything about myself, knew that my name was no longer Cooper but Hedon, and all about my position in the world. I've forgotten a lot since I woke up – there's a connection desire – but it was all pretty clear and actually then. - Alibris HG Wells - Dream Armageddon - 1 HG Wells - Dream with Armageddon - 2Nd Canterville Ghost by Oscar Wilde (BBC) This is Oscar Wilde's story about an American family moved to a British mansion, Canterville Chase, much to the annoyance of its tired ghost. The family – who refuses to believe in him – is Wilde's way of commenting on british nobility of the day – and Americans, too. The story, like many Wilde's, is rich in the cottage, but ends up as a sentimental romance. . . . Ghost Train by Arnold Ridley (BBC Radio Drama) Long acts success in London and Broadway and packed with thrills, chills and laughter. In Maine near the Canadian border there's a legend of phantom locomotives sweeping through peaceful villages leaving death in its wake. Rum and narcotic strings take advantage of this and the villagers superstition their advantages, but not as ignorant as he seems to the detective to clarify the mystery of the ghost and attendant of death. His seemingly silly actions led to concerns about evildoers and the little village and its station finally being in peace. For the sheer, creeping secret, it plays without peers. In the 1960s in South Carolina, The Secret Life of the Bees explores race, love and the idea of home in stormy times. It's a lovingly written drama that keeps the page turning. What a great story. This is wonderful because of its simplicity, as well as the complexity of life for a young, scared runaway girl. She is very confused about the death of her mother and whether she was loved at all by her. Frightened of human cruelty, she cannot be referred to as her father. I found it as sad as she describes growing up in the world of human inhumanity in man, mostly her confusion about white my behavior toward black people. Her world takes a different turn when she follows her instincts and meets the ladies who live in a pink house. There are surprising twists and turns. Some very sad, some enlightened as things come full circle; and she finally understands and accepts how much she is loved.
