First ten pages

And remember to keep the temperature steady-

When have I not kept the temperature steady!

Oh you want to discuss '86 again?

This is why we don't have a cat, Cayenne.

We SHOULD have a cat, though, it's only proper.

Or a toad.

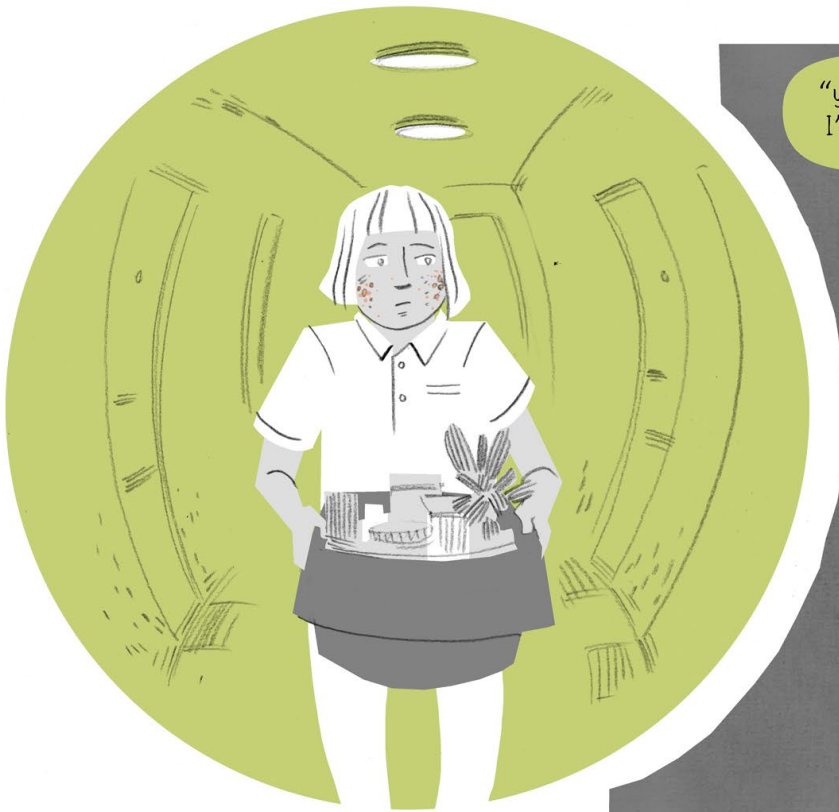

Sweetie. I will not have a toad in this apartment.

But it WOULD be proper.

Is that the last sprinkle? She'll be here any minute.

# DING DONG!

"you hold, I'll pour".

Your groceries, Ms.

And there's your payment, girlie.

Freshly brewed.

You know the drill, smear twice daily, and only under a new moon.

Thank you Ms. Saffron.

Forgot that  
little caveat?

That's only two  
days, tops, she'll  
be fine.

You are  
a rascal,  
Saffron

No, love,  
I'm a witch.

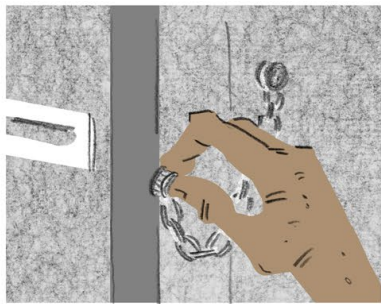

Are we expecting anyone?

When have we ever been expecting anyone.

I'll get it.

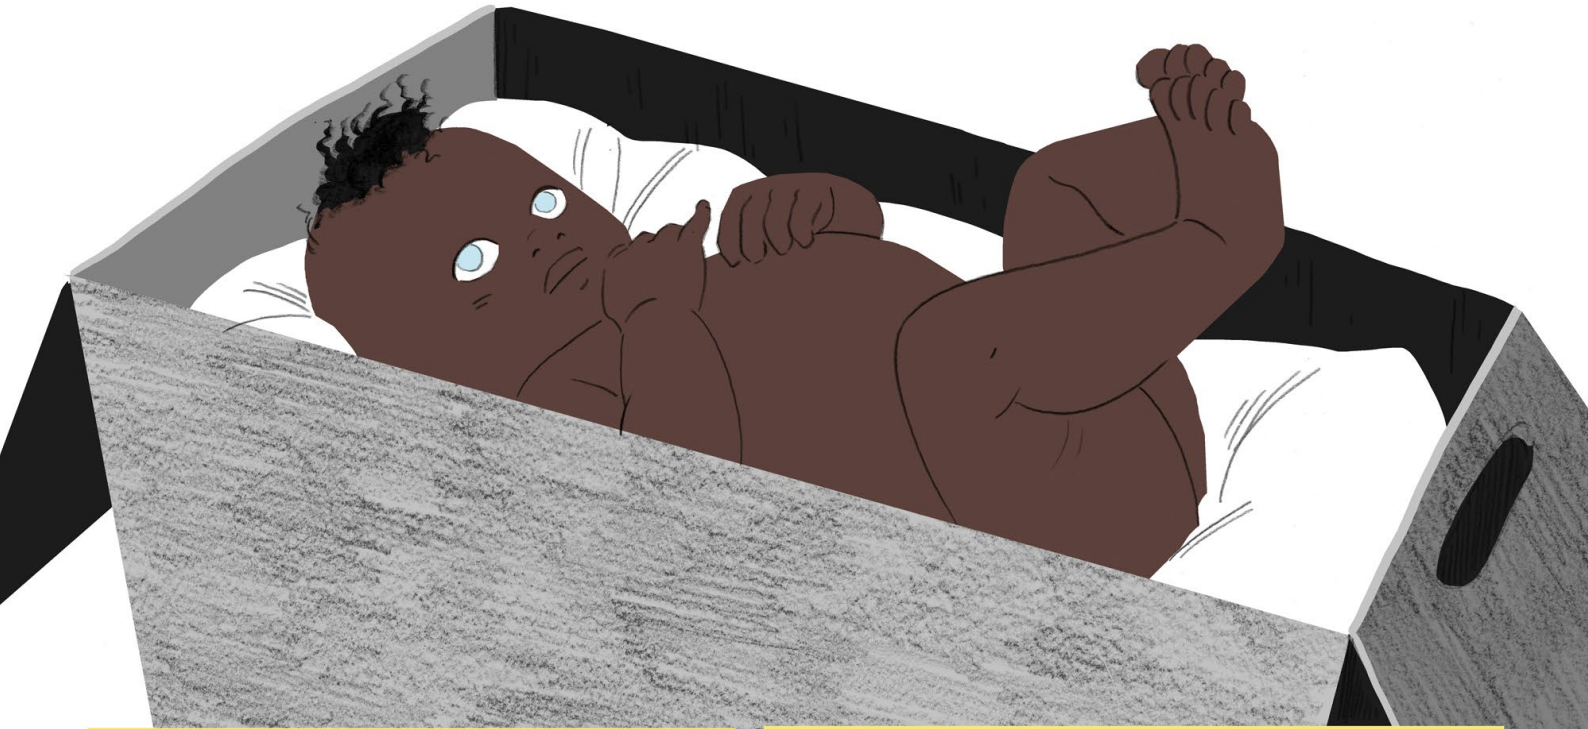

Um... Cayenne? Saffron?

What? Who is it?

I think maybe you want to get over here...

What... was that.

That was a baby.

I know what a baby is, Saff, what is it doing here?!

Is it for us?

There's no note or anything.

But why leave it with us? We're witches. not a daycare.

We could always eat it.

Right, of course. Why didn't I think of that.

But really... do we... call someone?

Like who?

Maybe the authorities? Put it up for adoption?

No.

Oh. Oh right.

I'm not putting a kid in that system.

No. No of course not.

Better than being eaten, though, right?

Marginally.

Rosie, maybe you could do that thing you do, track the parents?

I don't know, it might take a while.

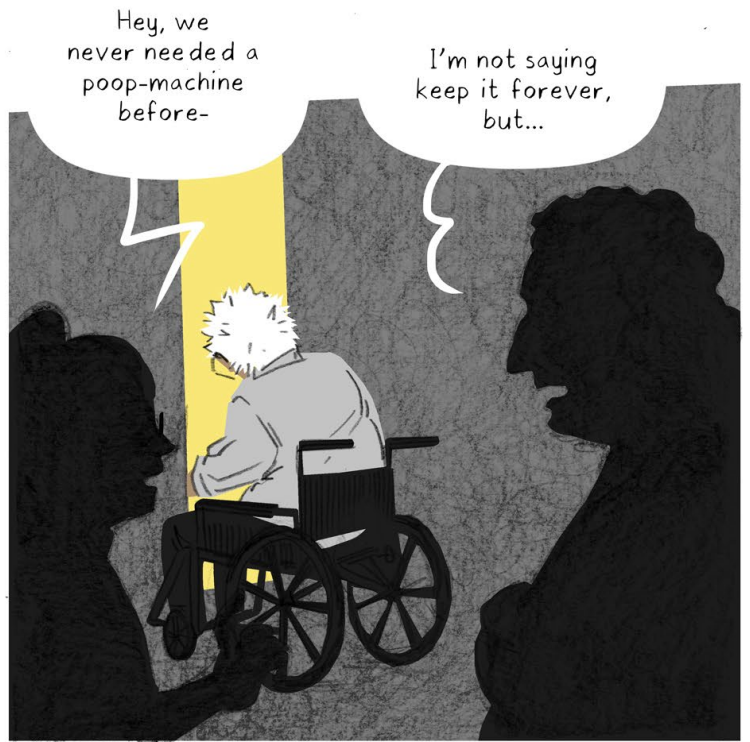

The earth has been stubborn lately.

Then do we ...

Keep it?

Well, I guess we can hold onto it for now.

But this thing better be the easiest kid in the known universe-

... or it gets chucked over the balcony.

CAYENNE!

I'm kidding, come on!

Okay, so we have a kid now.
