KITE DOCTORS | BONAIRE 2027 | CONFERENCE ONLY FOR LOCAL PHYSICIANS

Accredited CME on your own island.

For the first time, an internationally accredited medical conference comes to Bonaire. Physicians who live and work on the island can join the full scientific and social programme of our fifteenth edition, without leaving Bonaire to earn their credits.

6 to 13 March 2027
Bonaire

18 to 21
EACCME credits

EUR 1,875
Conference Only

Why this package exists

Accredited CME is rarely available on Bonaire, so physicians on the island often have to fly abroad to keep their professional registration up to date, at the cost of time, money and days away from patients. Our standard packages include seven nights of accommodation for physicians travelling from abroad. The Conference Only package offers the complete programme without accommodation: a deliberate exception, offered as a service to the local medical community.

The scientific programme

Mornings are dedicated to medical education led by working physicians, integrating cardiology and psychiatry. Chaired by Drs. Niels Tinga, psychiatrist and scientific chair of Kite Doctors.

Module 1
Stress, the HPA axis and the double burden on physician and patient.

Module 2
ESC guidelines in practice, cardiovascular disease in women, lifestyle as treatment.

Module 3
Shanafelt's models of physician wellbeing and sustainable employability.

Afternoons belong to the water: kitesurfing at Atlantis Beach and wingfoiling at Sorobon Beach, with the schedule following the wind. Lessons and gear can be booked with our local partners.

What is and what is not included

Included

- 18 to 21 EACCME credits
- Full scientific programme
- Lunch on programme days
- 3 group dinners
- 2 beach drinks events
- 1 group excursion
- Professional photographer
- KD event lycra

Not included

- Accommodation
- Breakfast
- Kite and wing lessons
- Gear rental
- Extra meals and drinks
- Personal expenses

What we expect from you

Kite Doctors is not a conference you drop in and out of. The format works because the group stays together: science in the morning, the water in the afternoon, the same table in the evening. By choosing Conference Only, you commit to **full participation in the complete programme, including the group dinners, beach drinks and excursion**. We make this exception because staying registered from Bonaire is not easy. In return, we ask that you are fully part of the group.

Professional recognition

EACCME accredited, 18 to 21 European CME credits, recognised across the EU. Convertible to AMA PRA Category 1 (USA), automatically recognised as RCPSC Section 1 (Canada). Credits are awarded only on completion of the full programme.

How to register

1. Book and pay online via the button below.
2. Complete the registration form you receive by email after payment.
3. Receive the final schedule and practical information before March 2027.

For physicians who live and work on Bonaire. Places are limited.
