Find out more page 2 Display 10 25 50 100 per page Unistrut Metal Framing 1-5/8 Unistrut Buffalo Supports (UBS) is the world's longest-running distributor of genuine Unistrut Metal Framing Products and support services, manufacturers, contractors, building maintenance and everyone in between. As Unistrut's oldest independent distributor, we are leading the industry in product expertise and knowledge. We provide our customers with a wealth of knowledge about the product and information we have accumulated over the decades of sales of Unistrut, Unistrut and Unistrut products. From over-the-counter sales and online transactions to individual parts or parts, to completing the design and installation of Unistrut systems and solutions, we are designed to provide you with exactly what you need, at a much price and with a fast execution time. We are happy to sell broken boxes and bundles of clips for Unistrut pipes, brackets, parts, fittings, equipment, channel racks and more, through our online front store. For harder to find items, or item finishes, we will work with you to provide the exact time of lead and follow-up. For large orders (full boxes and bundles) we will be happy to provide you with customized citations, including volume discounts. If you need help with design, or you have questions about Unistrut, fittings, clips, hardware or anything else associated with Unistrut, we're here to give answers. Need a CAD drawing, product specification or product presentation? We have them too! Get started with some of our bestsellers! We often receive emails and phone calls from customers asking for a printed version of the Unistrut Engineering catalog. At USCO, we are proud to announce that this catalog is now available for immediate download from our website. No need to wait for the arrival of mail - with a click the entire 204 page catalog can be accessed for immediate use in PDF format. Unistrut 16's general engineering catalog contains a wealth of information about Unistrut products, including specifications, channel size and illustration information, fittings, and related equipment. Why wait for Unistrut's printed catalog to come in the mail when you can have your own copy right now? Best of all because you can A PDF file on your computer that will reduce the clutter on your desk, free up space on the shelf, and your Unistrut engineering directory will not be lost, misunderstood or inappropriate! Please note that you'll need a current version of Adobe Reader that is available for free download from here to view the Unistrut catalog. Thanks to the unique accidentless connection there is only one Unistrut Metal Framing system. It includes innovative product improvements that our research and development team has created to give you the most complete and flexible support system available. Building on our global network of engineering and distribution centers, Unistrut provides customers with full resources. We invented it. The one you know, the one you trust, the one you ask by name... Unistrut, do not take any replacement. Replacement. unistrut channel catalogue. unistrut channel catalog pdf
