

WE'RE LOOKING FOR A STUDIO MANAGER

Workshop × Office × Experience Centre

Uberkool is a product design and furniture studio.
We design things. We make things. We sell things.

We're looking for someone who can make sure **all three happen without chaos.**

THIS IS NOT A DESK JOB.

You'll be the person who keeps the studio moving —
from raw material arriving at the workshop
to a finished product leaving the door.

You'll work across:

THE WORKSHOP

Production. People. Materials. Quality. Timelines.

THE OFFICE

Orders. Vendors. Quotations. Follow-ups. Coordination.

THE EXPERIENCE CENTRE

Products. Clients. Walk-ins. Displays. Sales.

YOUR JOB

Make Uberkool **work better every day.**

You will:

- Plan and track workshop production
- Coordinate carpenters, fabricators, vendors and installers
- Make sure materials arrive when they should
- Keep projects moving and deadlines visible
- Maintain quality before anything reaches a client
- Coordinate deliveries and installations
- Keep the studio organised and operational
- Welcome clients and understand what they need
- Keep the experience centre looking sharp
- Follow up on enquiries, quotations and orders
- Maintain basic project and inventory records
- Spot problems before they become expensive problems

WHO ARE WE LOOKING FOR?

Not necessarily someone with a fancy degree.

We want someone who is:

Organised enough to run a system.
Hands-on enough to walk into a workshop.
Sharp enough to talk to a client.
Responsible enough to own a deadline.
Curious enough to understand design.
Hungry enough to make things better.

If you see a problem and wait for someone to solve it,
this probably isn't for you.

If you see a problem and think
"I'll sort it."

We should talk.

YOU'LL FIT IN IF...

You like products.

You notice details.

You can deal with people.

You don't panic when five things happen at once.

You know that **good work is 50% design and 50% execution.**

And you genuinely enjoy making things happen.

WHAT YOU GET

A front-row seat inside a growing design & furniture company.

You'll work closely with designers, makers, clients and businesses.

You'll learn how a product goes from:

IDEA → DESIGN → MATERIAL → MAKING → DELIVERY → CUSTOMER

And you'll have real responsibility.

Not just a job title.

LOCATION

Uberkool Studio — Bengaluru

EXPERIENCE

2-5 years preferred

Furniture / interiors / manufacturing / hospitality / retail / operations experience is a plus.

But attitude, ownership and ability to execute matter more.

APPLY
