So it's no surprise that Tissot is willing to support and promote projects that share its values. Through various partnerships, Tissot has been involved in tourism to the Swiss Alps and the mountain landscape of Switzerland for many years. In partnership with the Swiss Alpine Club (SAC), we share a loyalty to tradition and the ever-innovative Jungfrau Railway. Tissot itself reinforced the pursuit of innovation by supporting the first cliff walk of Tissot in Grindelwald. The brand has an equally innovative presence on Glacier 3000, and Tissot has been named the world's first suspension bridge connecting the two summits, Tissot's peak walk.
