A lot of important things happened on the first weekend of Coachella: Everyone wore a fringe, Gigi Hadid forgot her pants, and we discovered a brand new man bun. It wasn't just any man's bun. It was a man bun hanging out with Kendall Jenner. Any guesses? INDIO, CA - APRIL 11: EXCLUSIVE COVERAGE - Singer Justin Bieber (L) and model Kendall Jenner in the audience during day 2 of the Coachella Valley Music and Arts Festival (Weekend 1) at Empire Polo Club on April 11, 2015 in Indio, California. (Photo by Jeff Kravitz/FilmMagic) FilmMagic It can be almost as (not)surprising as Hillary Clinton's campaign ad: It's Bieber! A little more weird: I'm actually kind of into it. Listen to me. Jared Leto left a big void in the world of male buns (and braids, and beautiful waves of ombre) when he chopped off his hair about a month ago. So, if Bieber wants to experiment with longer locks and surprisingly trendy styles at half-time - I'll take that. But Bieber, be careful that no matter what you try, it will never be as good as a dog bun. (Will something ever be as good as a dog bun? I think not.) In a joint interview with Vogue in February 2019, Hayley said they and Justin were falling out - reportedly sometime between February and August 2016 - which she called more than a romance that just overshadowed. She called it ex-communication, saying: There was a period when I walked into the room, he walked out. They reconciled in June 2018 after seeing each other at a church event in June 2018, they moved past the drama as Hayley told Vogue about her and Justin's reconciliation. Justin Bieber and Hayley Bieber Attend Justin Bieber/Seasons Premiere on January 27, 2020 | Jean Baptiste Lacroie/FilmMagic When we first married, we just figured out our life together. I felt like putting a wedding in the middle of it all would be really hesitates and stressful,' Hayley told the cover story for her release in March 2020. In the midst of adjusting to the life of a married couple - on his Instagram Stories, Justin posted a self-help marriage book among his most essentials - and became fascinated by Justin Lyme's diagnosis of the disease, the pop star released his first new song, Goodies, a track inspired by Hayley in four years. In the same cover story for Elle magazine, Hayley revealed that they and Justin have a rule about not using their phones in bed. Instead of scrolling on her phone, Hayley pulls up to the book. I definitely enjoy being home more than I like being away, she said. I try to read more than being on my phone in bed. We have a rule: no phones in bed if absolutely necessary . That's right, the couple take a break from their phones leading up to sleep. We may have to follow their lead and give our devices (and ourselves) a break in the evenings. Give yourself a sniff and ask yourself, WWJ (B)D? And if you're a Biebzf fan, the deodorant debate will be damned, just consider jumping on this natural Biebz-related quest to inflate this disastrous one. Teamwork forces the dream job. Justin Bieber makes deodorant Is it too late now to say an apology? To the disappointment of his loyal fanbase, Justin Bieber deleted his Instagram account. The last straw? The onslaught of the hater comments on a photo of him and Sofia Richie. Even though the exact nature of Bieber and Richie's relationship is uncertain, fans speculated and balked until Beiber finally responded by writing: I'm going to make my Instagram private if you guys don't stop hating. It's getting out of hand if you guys are really fans you wouldn't mean that to people I like.
