

## TO WHOM IT MAY CONCERN

We offer [Integrated Pest Management \(IPM\)](#) programs. Integrated preventive and corrective measures to keep pests from causing significant problems. Lowest possible costs, with minimum risk or hazard to our customers and to desirable components of their environment.

Our technician will arrange a throughout inspection, pest identification at your premises once we received your requested. A treatment proposal will follow after the source of pest is confirmed. And a detailed price list will clearly show that the cost for such as pest proofing or chemical treatment to solve your pest problem.

We are holding the active pesticide license by the AFCD Hong Kong and our firm is the active member of the National Pest Management Association, U.S.A. Our technicians and sales personnel have many years of experience on the field. However, we believed that being dependable, caring, and thorough is still what makes a job well done.
