Face new challenges and overcome the odds with the best multiplayer guns ever in a single-player campaign. Call of Duty: Ghosts Multiplayer Call of Duty: Ghosts Multiplayer gives fans the ability to customize their soldiers and squad for the first time in Call of Duty history. Now, players can select weapons, attachments, gear and player classes to customize their experience. Differentiate your squad in Multiplayer by calling out a specific class and choice of gear, weapons, and maps, to help you survive the fight. Play with friends, or form squads with other players online. Play the entire Call of Duty: Ghosts campaign in single-player, or pick and choose missions to continue the story. Call of Duty: Ghosts Multiplayer Playable Scenarios Features: Call of Duty: Ghosts Multiplayer is the first game in the franchise that gives players the ability to choose a class. These classes are divided into three groups: Assault, Support, and Specialist. They allow players to customize their game experience by choosing how they will deal with various environmental and enemy types. The Assault class is the first line of defense, focusing on speed and mobility, as well as heavy weapons and ballistic vests. The Support class plays a key role in holding and maintaining control of an objective. They are adept at mounting complex weapons and using passive power-ups. They can use camouflage. The Specialist class is a different type of soldier. It focuses on situational awareness, mobility and providing medical support. The CODEX™ Add-On Pack delivers a full length, single-player campaign starring protagonist Big Daddy. Rejoin a special ops team of soldiers on a mission to hunt down a rogue faction threatening world peace. It also delivers a full length Spec Ops mission starring a new character. The Multiplayer Pack includes all game modes from the Call of Duty: Black Ops multiplayer mode including a free map. The Specialist and Assault classes are available for download along with a new item and weapon. Brand New Multiplayer Features: Play As Classes. Choose from Assault, Specialist and Support classes. Choose from a variety of weapons, including the M249 Light Machine Gun, M2 Browning, AK-74 and more. Control your actions with customizable gear such as body armor and ballistic vest, as well as additional camouflage options. Take cover with new methods, such as using your Nod or Lancer along with walls 520fdb1ae7
