

Miracle, send another miracle
Miracle, send another miracle
Miracle, send another miracle
Miracle, send another miracle

Beauty, skin deep
Peeling makes bleed
Always leaves me crying
Cruelly grinning
Do your sinning
All the way to **dying**

Dig me up
Lay me down
Do your worst
Go to town

You can come a little closer, see what's heathen (Let
me out)

Till I see you draw some blood then we even stevens
(Or let me in)

Shoulda traded it in my past to save my future (You're
too late)

Girl or a boy, I don't wanna confuse ya (Once again)
(Ahyeeyah)

[Chorus]

Border girl, give, give it up, oh, you're living

(Ahyeeyah)

You don't have to take, take, take all you've given

(Ahyeeyah)

Border girl, give, give it up, oh, you're living

(Ahyeeyah)

You don't have to take, take, take all you've given

(Ahyeeyah)

[Chorus]

Border girl, give, give it up, oh, you're living

(Send another miracle)

You don't have to take, take, take all you've given

(Send another miracle)

Border girl, give, give it up, oh, you're living

(Send another miracle)

You don't have to take, take, take all you've given

(Send another miracle)

In the morning I awake

In the morning I escape

And the warning comes too late

Yeah, I doing alright ee-yi ee-yi yeah

Yeah-ee-yeah

Yeah-ee-yeah

Miracle

Send another miracle

Miracle

Send another miracle
