## **[Verse 1]**

The sun shines brighter from above  
And you're the woman that I love  
Climb the mountain even higher  
To kiss the sun and fight the fire  
Oh well

## **[Chorus]**

I'll make you mine  
You're my sunshine  
I'll make you mine  
You're my sunshine

## **[Verse 2]**

Take me with you when you go  
To be with you is all I know  
As we ride, we light the fire  
The second sun's our love's desire  
Oh well

**[Chorus]**

I'll make you mine  
You're my sunshine  
I'll make you mine  
You're my sunshine  
Oh well

**[Bridge]**

The sun shines brighter from above  
And you're the woman that I love  
We climb the mountain even higher  
Kiss the sun, fight the fire

**[Chorus]**

I'll make you mine  
You're my sunshine  
I'll make you mine  
You're my sunshine
