## **[Pre-Chorus]**

You wet my eyes  
But I don't mind it  
I tell you lies  
But it's only sometimes  
You pick a fight  
And I'll define it

## **[Chorus]**

I swear that I (Swear that I)  
I only called her one time  
Maybe it was two times?  
I don't think it was three times  
It can't be more than four times  
I think we need to rewind  
You text that boy sometimes  
Must be more than three times  
I didn't mean to two-time you

### **[Verse]**

She said that I should have liked it  
I told her "I only use it sometimes"  
Except when I need reminding  
I'm petrified

### **[Chorus]**

But I only called her one time  
Maybe it was two times?  
I don't think it was three times  
I didn't mean to two-time, two-time you

### **[Pre-Chorus]**

You wet my eyes  
But I don't mind it  
I tell you lies  
But it's only sometimes  
You pick a fight  
And I'll define it

### **[Chorus]**

I swear that  
I only called her one time  
Maybe it was two times?  
I don't think it was three times

It can't be more than four times  
I think we need to rewind  
You text that boy sometimes  
Must be more than three times  
I didn't mean to two-time you, two-time you  
To two-time, two-time you

### **[Chorus]**

I only called her one time  
Maybe it was two times?  
I don't think it was three times  
It can't be more than four times  
I think we need to rewind  
You text that boy sometimes  
Must be more than three times  
I didn't mean to two-time, two-time you

### **[Outro]**

(One time, oh, one time, three time, four time  
Three time, four time, two time, three time)  
Two-time, two-time you  
(One time, oh, one time, three time, four time  
Three time, four time, two time, three time)
