

Greta Van Fleet - Watching Over

[Spicy Filters from BeWellPlayed.com](http://BeWellPlayed.com)

[Verse 1]

Many long years amongst the trees
Many long years in the ground
To be with one that's never seen
The one that stands and watches over

[Chorus]

I wonder when we'll realize
This is what we got left
And it's our demise
With the water rising
And the air so thin
Still the children smiling
Can we see no sin?

[Verse 2]

This is what we all have seen
Too many years tearing down
Even though we couldn't believe

It's only clearer in a mirror now

[Chorus]

I wonder when we'll realize
This is what we got left
And it's our demise
With the water rising
And the air so thin
Still the children smiling
Can we see no sin?

See no sin
Say no sin
Oh woah woah
Ah ah ah ah ah
Ah ah ah ah ah
Ah ah ah ah ah
Ah ah ah ah ah, no!
