It's very difficult to find the tricks of Pokémon Stone Dragon 2, but we were able to discover some very interesting codes to have endless rare candies, to buy everything for \$1 and even to go through walls. The codes are not many, but they are quite interesting and useful for all players, so we recommend use them all when when This game is based on Pokémon Fire Red, so if you also play it we recommend that you see here the tricks of the same version. Learn all the tricks of Pokémon Stone Dragon 2 Without further ado, you can check below the list of codes available so far. You may notice that there aren't many, but it's the only list of Portuguese on the Internet. In addition, we will complete the list as new codes appear. Note: Before using any of these codes, we recommend that you save the game. We say this, because some of the tricks can make the game stop working and lose all its progress. As you may have noticed, most of the tricks we put in need Master Code. The MC is a code that needs to be inserted before inserting the normal trick, otherwise it will not work. The master code is in front of each function in the code. When it's not present it's because it's just not necessary. And this is all we have in this version of Pokémon! Don't forget to comment below if you know more cheating, so it's much easier for us to complete this table. Before you leave, we recommend that you also see Pokémon Black and White 2 codes and lightweight platinum codes. Not a Pastebin member yet? Sign up, unlock many interesting features!
