The Players Club has everything we love in the '90s. The film takes place in a small south town with no name. It is the story of Diana Diamond Armstrong, played by LisaRaye McCoy in her film debut. Diamond is a dancer who opens the film reminiscing about her time in the now-burned Players Club. READ MORE: HBO offers free programming as part of #StayHomeBoxOffice We quickly learn that Diana, a teenage mother who works in a shoe store, is planning to go to college. Her evil father cut her financially, and instead of incurring student loan debts, she turns to the pole. (Photo: New Line Cinema) This is our first indication that things are going to fall. In a city where the only promising job prospects are clerk and stripper, nothing but bad could come out of this story. Diamond has been at the club for four years when her 18-year-old cousin, Ebony (Monica Calhoun), moves to the city. Young and impressionable, Ebony makes mistakes every moment. Including accepting the mentoring of Diamond's rival Ronnie. READ MORE: Tiffany Haddish says cast of 'Girls Trip' talked about video chat sequence There was never a black antagonist like Ronnie (Chrystale Wilson). At best, she was greedy, narcissistic and manipulative. At worst, Ronnie was also guilty of sexually abusing Diamond and creating the circumstances for Ebony to be raped as well. While she was a horrible person, how ronnie's character was memorable and evil. A fight scene between her and Diamond at the end of the film remains a classic. The Players Club is 22 years old, and like most black and urban films set in the 1990s, it has a loyal follower in our community. Sexual assaults and misogyny highlight the most seeded side of strip club life, and in 1998, the film was stigmatized. The film offers some redeeming moments like the successful graduation of Diamond from Southern Tech, and his new relationship with blue-the-club ambitious good-guy DJ played by Jamie Foxx. Until is rescued after the assault. She gets a job at the shoe store and seems to learn from her horrible horrible (Photo: New Line Cinema) In his directorial debut, Ice Cube wrote a film that featured black images we had never seen before and, for the first time, put women in a hooded film. The film premiered on April 8, 1998 and debuted in fifth place with \$5.8 million in ticket sales. At the time of the opening, Al Shapiro, then president of distribution at New Line Cinema, said it was Ice Cube's popularity as a rapper and actor that made the film draw. READ MORE: Spike Lee calls Cosby for stealing the premise of 'School Daze' for 'A Different World' His fans know him and they're the ones who come out to see him, Shapiro said. Cube has a distinct style and makes the image really interesting. (Photo: Scott Gries/Getty Images) People may have to come to the movies 22 years ago for ice cube, but they come back all these years later to characters like Diamond, Ronnie, and Bernie Mac's Dolla Bill. The enigmatic motley team delivers memorable phrases like, Make money, don't let it do you, and, it's gon be problem... Problems. Everyday life adds a lot of humor to what, in a way, is a very intense drama. Fans of '90s movies are irrationally nostalgic. Can you blame us? People love to reflect on the memories of their youth. At a time when we are dealing with a difficult reality to deal with, the Players Club offers a great escape to a fun and familiar past. Memories aside, The Players Club is not a great movie. The performance is average and the writing is a little forced, but it is a classic that deserves celebration, because it makes its debut in

streaming services. It might be the best bad movie we all need right now. Share We're sorry, but UMC isn't available yet in your country. See more awards » Learn more Edit Diana, a young mother who works in a shoe store meets two strippers, Tricks and Ronnie. They tell her she should work at Playa's Club for a lot of money. The woman accepts and soon introduces her cousin to the club. Then she discovers that her cousin is making house calls that Tricks bribed her to make. One day Diana returns to her home after almost being raped by an obsessed fan and finds her cousin sleeping with her ex-boyfriend. She kicks her cousin and starts dating Blue, a DJ at the club. They go out one night and Diana's cousin calls asking her to pick her up at a bachelor party. Diana refuses and soon after her cousin is raped. Now she only has one option. For the beautiful and intelligent Diana (newgirl Lisa Raye), there's no choice but to work her way through college. So it's hard to resist the easy money that the club owner Dollar Bill (Bernie Mac – Friday, Ocean's trilogy) offers her to take off her clothes at The Players Club. She avoids the pitfalls of dancing trusting no one except the respectable and DJ (Jamie Foxx - Horrible Bosses). But when her naïve cousin enters the club and gets into all sorts of trouble, Diana has to figure out a way out for both before they go down with the Microsoft may earn an Affiliate Commission if you purchase something through recommended links on this page.
