

Insurance Associate (5-8y PQE) – Cayman Islands

We're working with a well-regarded offshore legal practice in the Cayman Islands that is looking to add an experienced insurance associate as part of its continued growth.

This role suits someone who enjoys a mix of advisory and transactional insurance work, is comfortable working directly with sophisticated clients, and thrives in a fast-moving, collaborative environment.

The Opportunity

- Advising on a broad range of insurance and reinsurance matters within an offshore financial services environment
- Working with insurance groups, including matters connected to investment activity and asset-intensive business models
- Supporting corporate, regulatory and transactional matters where insurance expertise is central
- Drafting and reviewing sophisticated legal documentation, including transactional, regulatory and governance materials
- Acting as a day-to-day contact for clients and working closely with senior lawyers on complex mandates
- Contributing to practice development, knowledge sharing and client relationship building

The Ideal Background

- Qualified lawyer with 5+ years' post-qualification experience
- Prior experience in insurance law, ideally including exposure to life insurance or reinsurance, or experience advising on investment instruments commonly used by insurance groups
- Strong drafting skills and the ability to advise confidently in a client-facing role
- Background gained within a strong private practice or comparable advisory environment
