

## Clinton & Anne-Chloé's News *December 2023*

### Dear Archan,

I - Anne-Chloé - recently realized that if I source Archan Villaging, my Fears of leaving Modern Culture behind fade away.

[Modern Culture](#) dwells in cities. Cities are designed for the purpose of ever-increasing material value production and profit. But a city cannot produce enough food to feed all its citizens. Therefore, a city conquers and enslaves surrounding territories as the peasants who grow food for the city's survival.

Cities thrive in the model of competition and war with other cities.

[Archiarchy](#) thrives in [Villaging](#). People come together and 'village'. This means that 'to Village' is a verb, not a noun.

If you are not Villaging as an [Edgeworker](#), you might be one of the 300 million [Cultural Creatives](#) who think you are alone. You might see no other option but to live a double life.

In one of your lives you walk the [Path](#), go through your [Growing Up Initiations](#) and [Emotional Healing Processes \(EHP\)](#), while learning the [skills](#) needed to deliver your [Nonmaterial Value](#). In parallel you live your double life, participating in Patriarchal institutions such as paying for monthly health insurance, financing military armaments through your taxes, purchasing supermarket food, owning a house, or sending your kids to [public school](#).

At some point, the contradictions and conflicts between the value systems of your two lives may become too painful. You can no longer pretend that being a cultural chameleon is satisfying. Your [Gremlin](#) can no longer drive you crazy in secret glee by promising that you can have it all: the [child-adaptive](#) 'safety' offered by Modern Culture, and the adult-responsible ecstasy of Aliveness in Archiarchy.

You realize that the things you sacrifice to stay imprisoned in the Modern Culture framework are the exact [Infinite Resources](#) you need to thrive in Archiarchy.

But how to make the shift? The problem is that we are unskilled at Villaging in the Archiarchal context of Radical Responsibility, Nonmaterial Value and Initiations. Therefore, there are still very few powerful Archan Villages around the world.

By now, trying to return to child-level-responsibility [green-brain](#)

matriarchal Villaging technologies cannot nurture the radiant force of your unique [Archetypal Lineage](#) in action, or the [Archetypal Lineage of other people](#).

By now, trying to fit into the adolescent-level-responsibility [hierarchical](#) warrior-clan [competitive](#) modern culture Villaging strategies forces you to appear dead and childish, which you are not.

When you are ready to enter the [Free and Natural Adult Egostate](#), going back to the toddler stage or the rebellious teenager era is not attractive.

What are you to do if rules, control through terror (leveraging people's unconscious Fears), social and religious morals, shame, taboos, collective assumptions, or being adaptive are no longer real options for you? You might think that without these social and legal constraints the result can only be a roving band of unleashed Gremlins spreading anarchy and destruction on Earth. (Which might be true if you are a group of uninitiated adolescents... or if you have been watching too many Mad Max dystopian action films...)

But a new set of [skills](#) and [awarenesses](#) are being invented to Village in the company of other [Centered](#), [Grounded](#), [Bubbled](#), [Present](#), self-given [Authority Agents](#) of [Creation](#) who are training in making [Unreasonable Transformational Proposals](#), establishing [Clearly Contexted](#) Evolutionary [Gameworlds](#) in [Radical Freedom](#), and [Navigating 3 Worlds](#) for [Radical Relating](#).

We, Clinton and I, have started to outline these [possibilities](#) in the new websites: [PM Village Maker](#), and [Archiarchy Invention Centers \(AICs\)](#).

Small groups of [Possibilitators](#) are [Taking A Stand](#) for Archan Villaging in their region. If you are one of them, we are meeting soon. Get in touch with us if you want.

Love, Anne-Chloé & Clinton, plus the General Memetics Team.

## Announcements

On a more personal note, our [Writing House Bridge-House](#) ended on the summer solstice (in the Southern Hemisphere) on December 21 in Ubud, Bali. Luckily, we received our [RAGE CLUB](#) T-Shirts the day before. This is a photo of the four of us celebrating our successfully wonderful, High Level Fun, and productive two months together.

We are excited to share that our Writing House is generating a number of books through [Thoughtware Press](#):

- **FOUR FEELINGS** by Valerie Lankford. This genius book lands the central Archan Thoughtmap of Four Feelings. When we discovered that the book is out of print, we were too sad, angry, and scared to let this little jewel drift in the past. Without Valerie Lankford creating this thoughtware upgrade, Possibility Management would probably not exist. A new foreword and afterword are written by Clinton Callahan.
- **SEEDS** by Clinton Callahan. Here is the origin and tales from one of the first-ever Bridge-Houses which located itself on the beaches between San José del Cabo and Cabo San Lucas of Baja California, Mexico in 1975. Alan Friedman, Kat Felkner, Ed Clark, Phyllis Goldman, and Clinton Callahan lived together in [Rancho Campo](#), a house without walls, floors, or ceilings, experimenting and documenting the foundations of synergetic education and temporary community central to the success of Bridge-Houses today. If you are secretly thinking of creating or participating in a Bridge-House, this could be your guide book!

Plus, Thoughtware Press is about to publish a number of translated books:

- **OHNE GRUND**, the German version of *NO REASON* was translated by [Sophia Wegele](#), who reports reading the manuscript 3 times over to capture the aliveness of the original text. *OHNE GRUND* will be available soon on Amazon (Print-on-Demand). If you want to make a larger order, please reach out to Anne-Chloé Destremau. We can arrange to have the books printed at a cheaper price if the order is big enough.
- **SENTIMENTOS CONSCIENTES**, the newly revised and updated version of *CONSCIOUS FEELINGS* has been translated into Portuguese by a [Team](#) of six [Archiarchal Women](#) from Brazil. The final review is being completed by Luís Trindade. This book has been translated into the Feminine form of Portuguese.
- **SENTIMIENTOS CONSCIENTES**, the newly revised and updated version of *CONSCIOUS FEELINGS* has been translated into Spanish by David Castro, Maruca Hernandez, and Rosa Belia from the Healing Biotope, [Bridge-House](#) and [Nanonation](#) of [InlaKesh](#) in Chiapas, Mexico. This book has also been translated mainly in the Feminine form.
- **GOODNIGHT FEELINGS** in Portuguese, Spanish, Polish and Italian are coming out soon! Yiihaw! Clinton's brilliant children's book is going international. Different procedures will apply for obtaining copies of this book, depending on which language: Print-On-Demand, or buy through Thoughtware Press. Details will be given on the [Thoughtware Press](#) website.
- We have also heard that the Polish translation of *CONSCIOUS FEELINGS: ŚWIADOME UCZUCIA*, is nearing a publication date through <https://www.manendra.pl>. For further information please contact them directly.

More Thoughtware Press book projects are in the works! We will let you know when they are closer to being obtainable. As we always say, you can't read a book if it's not written. So, [write the book!](#)
