The series stars Coco Martin as SPO2 Ricardo Dalisay, along with an ensemble cast comprising Susan Roces, Jaime Fabregas, Angel Aquino, John Arcilla, Jhong Hilario, John Prats, Sid Lucero, Mitch Valdes, Pokwang, Yassi Pressman, Eddie Garcia, and Litod Season third Ang Probinsyano show married life of Ricardo Dalisay and how he thrusts back into the police force After an excused mission, he disguised and infiltrated the rebel group Return home Araw. Plot As Fernan joined various Araw Return missions, his perception of the rebel group quickly changed, realizing that their images to the public were based on lies and campaigns of smear that were carefully contributed by the Hypolito Director. Back in Manila, propaganda stories about Cardo and Return Araw confuse cardo families, negatively affecting their lives. Rumours spread about Kado's survival and supposed defections into Araw's Return, a story that Director Hipolito and Major Catindig capitalised on destroying Cardo's credibility, blowing his cover and compromising on his safety. In the camp, Cardo also had to deal with fellow competitors arising from Alakdan and Anton del Mundo alias jealous Tigre (Tiger translate) (Mark Lapid), both intent on exposing Cardo or exposing him as a hoax. After determining that Return Araw was not behind the act of terrorism, he tried to win Alakdan's belief in order to infiltrate kamandag. Meanwhile, he found dela Paz and Velasco detained and helped them escape the hands of Return Araw. He told them about his findings that Kamandag was protected by an unidentified government official who twisted the facts to show Araw Return. Velasco and dela Paz noticed that Kamandag's protectors also dissnuced Cardo. They held a press conference reporting Cardo's death while trying to escape Araw Home with them to ensure his cover. Cardo won the Alakdan trust and sent him to Manila to remove fierce rivals Director Hipolito in the senate race, Senator Mateo F. de Silva (Joko Diaz) with bombshells among the crowd shortly before de Silva announced his candidacy. Cardo manages the disturbance without detonating a bomb, and narrowly escapes de Silva and his men. The next day, Cardo attacked Kamandag for his son, sent the injured Alakdan and the rest of Kamandag's wrapping. Cardo then told Araw home about the treason and acts of violence committed by Alakdan. To improve his lottery tally, Director Hipolito decided to abolish Araw's Return and ordered a strike on their strong grip on Mount Karagao. The encounter that resulted in the death of Lawin's sons, Lena and Lena, Emmnan, led to Leon's discovery that Cardo was a SAF expert. Cardo and Leon finish to join the squad to take Alakdan.
