How to login to mcgraw hill connect

McGraw Hill enables Single Sign-On (SSO) and auto-rostering via Clever for all McGraw Hill digital products. Specifically, McGraw Hill's SSO functionality allows teachers, students, and administrators to access McGraw Hill platforms from Clever. This means teachers, students, and administrators have one less username and password to manage. McGraw Hill's rostering functionality, powered by Access Manager, allows for the seamless flow of user and roster information into McGraw Hill digital tools, leaving more time for teachers to teach and students to learn. McGraw Hill rosters and provisions accounts through Clever Secure Sync McGraw Hill offers SSO through Clever Instant Login Want to know more about Connect? Learn More Free Trial Log In © 2021 McGraw-Hill Education. All Rights Reserved. Terms of Use | Privacy Recognised throughout the industry with various awards, Connect is an industry-leading digital course management solution. Connect accelerates student performance and allows educators to save on their most precious commodity: their time! With a dedicated implementation team to support you every step of the way, Connect allows you to easily customise your course materials to create exceptional teaching and learning experiences. Connect drives students to achieve better outcomes by helping them reach their full learning potential through more efficient study practices. Powered by an unrivalled adaptive learning engine, SmartBook within Connect enables students to be more efficient with their study time. SmartBook highlights areas that require attention, reinforces comprehension and understanding through review questions and recommends additional resources until they're proficient.Our resources are created to engage students and empower them to develop higher-level critical thinking skills, all while offering the instructor the ability to personalise their course content to suit their learners.Connect's interactive dashboards allow instructors and students to track their performance in real time so they can action areas of concern to proactively improve overall performance.With Connect students have the flexibility to study anytime, anywhere on their smart device which also has offline functionality through the ReadAnywhere app.Connect seamlessly integrates with all major Learning Management Systems to allow single sign-on access for students and gradebook synchronisation to aid instructors with managing student performance.The accessibility of our products is our key focus and we strive to comply with WCAG 2.0 AA accessibility standards. We've made recent enhancements to Connect's keyboard navigation, screen reader capabilities and colour contrast to improve the experience of learners with disabilities. SmartBook 2.0, available within Connect, delivers a powerful adaptive learning environment for students that assists with ensuring they're ready for each class. SmartBook's functionality enhancements offer more flexibility and control over your course allowing your students to focus on areas that require attention. Accessible and available on all smart devices with both online and offline functionality, the flexibility of SmartBook 2.0 truly empowers students to succeed. *SmartBook is available within Connect for the majority of our Connect products. Select Connect products may contain the Connect eBook or LearnSmart only. Contact your McGraw Hill Consultant for more details.LearnSmart maximises learning productivity and efficiency by identifying the most important learning objectives for each student to master, in real time. LearnSmart identifies when students are likely to forget specific information and revisits that content to advance knowledge from their short-term to long-term memory . LearnSmart is proven to improve academic performance, ensuring higher retention rates and student success.Customer Reviews"The digital technologies allow me to push the reading (and simple quizzes) onto the students in "out of class" time and then use our class time to discuss the material at a higher application level."– Professor Malcolm Howe, Niagara College, Business Admin: Marketing Want a Demo?
