

Border Choral Voice 2018

Testimonials

I'm Eighty years of age and experience the greatest voice change in myself , as I never would have dreamed of. The one hour warm up was so effective. Three new song in one hour! One of the The Voice...all of them had parts singing. I felt I was part of a miracle.Jonathon was special in his approach, and had great knowledge of his craft, plus great people skills.

Learn't a lot and enjoyed it. using my new skills to improve my singing.

Jonathon Welch is a superb trainer! My expectation that I would learn how to sing better personally & how to improve my choir singing was exceeded in a delightful number of ways. Jonathon's musicianship and capacity to transmit musical skills to the participants were impressive. He transformed the sound made by both workshop participants and by the choirs in their masterclasses, using a wide range of exercises and techniques that were deceptively simple yet had profound effects. As a doctor and therapist, I was impressed by the informal reminders of the healing effect of music that were subtly included, to give us life tips to reduce & handle stress in our daily lives.

Dr Rosie Saxton

I loved Jonathon's humour and enthusiasm and his generosity in teaching so many tips and techniques to assist in protecting the voice and producing a good or better sound, not just for the massed choir, but invaluable lessons for the individual singer. Wonderful! The venue was very good and the organisation excellent.

I had a fantastic time and learn't a lot. I hope more local choirs and small singing groups will be involved next time.

A wonderful weekend of singing under the guidance of the amazing Jonathan Welch. The information he was so willing to share was fantastic and so readily shared.

Learnt so much and had a great time

Workshop Participant

Thoroughly enjoyed it, but due to family couldnt continue & view masterclasses or return for night performance, much to my dissapointment.

But was grateful for the 3hrs i had with an amazing choral expert & a lovely group of singers.

We learnt so much while enjoying ourselves at the same time.

This was the best workshop I have ever attended. Jonathon was so professional and generous with his time and knowledge he shared with us. Hard to imagine we learnt at least 4 new songs each day which we competently performed at the two concerts That takes great teaching skills and patience. Plus the honour of singing with him.
