# 2025-2026 SCHOOL YEAR GETTING INVOLVED IN CLUBS AT OLSM

Participating in clubs is one of the best ways to make the most of your high school experience! By joining, you'll meet students from all grade levels who share your interests, build new friendships, and strengthen your leadership skills. Plus, active club involvement looks great on college applications and shows that you're engaged both inside and outside of the classroom.

## Interested in joining a club?

Please listen for announcements on when the clubs meet or [contact the faculty administrator to inquire about joining.](#)

## Interested in starting a club?

At the beginning of each school year, students may apply to start a new club during the designated application window. All clubs require administrative approval. Please note that new clubs can only be formed at the start of the school year. Mid-year applications will not be considered and must wait until the following school year.

## QUESTIONS?

Please contact:
