FILMS - Best Hindi Song, Titli - Saajan Oooh It's sooo good - Kunal Khemu,Diva Kumar. LONG TIME SONGS. One of my best. Someone once called this 'Aana Dil Jo Chalen' and I agree with them. Mr NaMo, you've said that you don't need BJP to get votes. you don't need Congress either. Is your ideology not merely about making business for the boys in Parliament and Dalits of India? I strongly disagree with that. Even I don't need to be in Congress to be part of India. Why do you think that? that is why I would say that the day Congress party abandons their ideology of including the marginalized, the Congress will cease to exist Mr Modi, I respect you, but I don't agree with your jibes and your accusations. With what logic do you do that? The Congress doesn't care for the poor, the downtrodden, the marginalised. How else to prove that? Do you have any data to prove that the Congress party was born on the basis of social justice? You could search for the founding fathers and see who has more respected the downtrodden and the underdogs. It is very convenient to look back and say "Congress is from the poor". It's the party that brought us freedom, isn't it? Well, if you want to call freedom the freedom of the individual. Not necessarily. That doesn't imply that freedom means that an individual is free from caste or religion or gender or creed or whatever. At the same time, I think Congress liberated more people in India than any other party. The Congress party has fought against slavery in India. They also abolished the Indian caste system. The RSS is a fast-growing movement, India's leading far-right political party. You must know that. I will acknowledge that. You've claimed that the Congress is the oldest political party in India. No, no, I have never claimed that. They call themselves the oldest party. But we know very well that the Congress is not even the oldest party. Why do you want to be a modern-day Gandhi, then? Who is Gandhi? Why is he relevant to me? Which Gandhi, do you mean? I don't want to be 520fdb1ae7
