[Verse 1]

I know I left you in a bad way
Never call you back and you always say
Why you gotta go and do me wrong, just like that
Baby I know that you can't take
The long nights and the heartbreak
But I always know you're gonna be coming running
right back

[Pre-Chorus]

It's okay, to get stuck in the game
A little insecure, baby we're one in the same

[Chorus]

Oh, oh, Annie
Don't leave me hanging
Oh those big, cold eyes that you're hiding behind
I can see you through 'em every time

Oh, oh, Annie
Girl you know that I need you
Oh I love it when you smile, won't you stay for awhile
I promise everything is gonna be fine

[Verse 2]

I know it gets a little frantic
Trying to keep up with all the antics
Oh I know you get so sad, I hate to see you like that
You're a rebel, I'm a bandit
And we revel in the abandon
Let's just burn it all down baby never look back

[Pre-Chorus]

It's okay, to get stuck in the game
A little insecure, baby we're one in the same

[Chorus]

Oh, oh Annie
Don't leave me hanging
Oh those big, cold eyes that you're hiding behind
I can see you through 'em every time

Oh, oh Annie
Girl you know that I need you

Oh I love it when you smile, won't you stay for awhile

I promise everything is gonna be fine

[Bridge]

We've both been here before

So before you walk out the door

You know it's just that game we play; the one we're
both good at

You say I never think about you

But girl I wouldn't be so sure

So let's just find a way

[Chorus]

Oh, oh Annie

Don't leave me hanging

Oh those big, cold eyes that you're hiding behind

I can see you through them every time

Oh, oh Annie

Girl you know that I need you

Oh I love it when you smile, won't you stay for awhile

I promise everything is gonna be fine
