

# Vampire Weekend - Bambina

## [Verse 1]

No time to discuss it  
Can't speak when the waves reach our house upon  
the dunes  
Time cannot be trusted  
When the police come, they always come too soon  
Life felt like heaven today  
Like a foreign car, though, we are American-made  
I thought I'd probably stay  
But before I know it, I know it

## [Chorus]

My Christian heart cannot withstand  
The thundering arena  
I'll see you when the violence ends  
For now, ciao ciao, Bambina

## [Verse 2]

No signs of injustice

No signs, but the flames that are filling up the room  
Fire cannot be trusted  
When the engines come, they always come too soon

**[Chorus]**

My Christian heart cannot withstand  
The thundering arena  
I'll see you when the violence ends  
For now, ciao ciao, Bambina  
My Christian heart cannot withstand  
The thundering arena  
I'll see you when the violence ends  
For now, ciao ciao, Bambina

**[Outro]**

Uh, to an extent, yeah
