## [Intro]

Uh, yeah, hahaha, yup  
Y'all already know what it is, man  
It's young Khalifa, man

## [Verse 1]

I used to think there was no making it out  
But if you work hard for it, then it comes to you  
All it takes is time and patience  
Just gotta set your goals and you'll make it there  
Never let 'em tell you that you can't  
Try sticking to the plan  
Don't let anything get in your way  
Best part about it's the process  
And if one person get it, we all can get some  
Never gonna leave you out  
Never gonna let you down  
We started so we gon' finish  
I'll be here anytime you call

If I got it, it's yours  
Something worth fighting for  
I know they wanna see me stop  
But I don't never give 'em what they want  
No, I ain't never giving up  
No, I ain't never giving up  
No, I ain't never giving up, no (Yeah)

### **[Chorus]**

I pray every day that I'll find the strength to carry this  
weight

Know that I will be okay

And I hope I'll see the day when I find my own way

Where the skies have no grey

So go on, let the sun shine on me

I pray every day that I'll find the strength to carry this  
weight

Know that I will be okay

And I know that I'll see the day when I find my own  
way

Where the skies have no grey

So go on, let the sun shine on me

### **[Post-Chorus]**

So baby, let the sun shine on me

Come on, let me  
When I find my own way (Oh)  
So baby, let the sun shine on me, yeah  
Come on, let me

**[Verse 2]**

Uh, wake up, bake up  
Gotta get my cake and make sure my family straight  
Work hard for it every day  
Won't ever let it slip away  
Got a grip on it, knock that chip right off of your  
shoulder  
Throw a zip on it  
Get a old school and throw some switches on it  
Looking older when we pose for our pictures  
I suppose this what we thought it'd feel like when  
we'd get here  
Ain't no opportunities missing  
Took advantage, now instead of corner offices  
We puttin' records out and our dogs is getting rich  
Tell the judge keep them sentences  
I'm free as zero cents  
A bread long hero  
I can ride through my city with no fear  
I was broke, switched gears and bossed up

Never look back, now we on track  
And if you work hard, you feel exactly how I do  
Every day's a chance to be great, yeah, yeah

**[Chorus]**

I pray every day that I'll find the strength to carry this  
weight

Know that I will be okay

And I know that I'll see the day when I find my own  
way

Where the skies have no grey  
So baby, let the sun shine on me

**[Post-Chorus]**

When I find my own way  
Ooh, ooh

**[Bridge]**

Ooh, yeah  
Help me find my own way, ooh  
Own way, ooh  
Help me find it, help me find it

**[Outro]**

When I'm weary, Lord, please hear me

A thousand voices call me, but I can't find an answer  
Give me courage when I'm afraid I'll give up  
Help me find my way up, show me the direction  
When I'm weary, Lord, please hear me

A thousand voices call me but I can't find an answer  
Give me courage when I'm afraid I'll give up  
Help me find my way up, show me the direction
