

Lord Huron - Fool for Love

[Spicy Filters from BeWellPlayed.com](http://BeWellPlayed.com)

I'm leaving this place behind, and I'm heading out on
the road tonight

I'm off for the hinterlands, way up north where the tall
trees stand

Before I commence my ride, I'm asking Lily to be my
bride

I know there's another man but he ain't gonna delay
my plans

I know she's gonna be my wife
Gonna fall in love, I'm gonna live my life with her
You know, I bet he's not so tough
Ain't afraid of him, cause I'm a fool for love

I come for to find Big Jim, well, here I am and I guess
you're him

I see how you got your name, you're tall as **hell** and
broad as a train

They say you're a hard worn man

The baddest guy in the whole wide land
Well, I'm not afraid to fight, let's step outside and I'll
show you why

I'm hummin' like a revved up truck
Nevermind the odds I'm gonna try my luck with her
Just tell me when you've had enough
I'm dangerous cause I'm a fool for love

You know, you don't hit half bad
Oh but I'm gonna lay you to ground tonight
Just wait until I catch my breath
Gonna send you on to an early death

I lie in the drifting snow, bleeding out as it covers me,
oh
If spring comes before I'm found, just throw my bones
in a hole in the ground
I lost friends along my way, I knew I'd meet them
eventually
No, I'm not afraid to die, I'm just mad I left Big Jim
alive

I know I should have never looked back
But you ain't gonna win a woman's heart like that

I never should have called his bluff
I was born to lose cause I'm a fool for love

I stare into the endless sky
And the sorry tale of my life goes by
I drift into the great unknown
I really don't know where I'm goin'
