We Won

Chorus-

I know, I know it gets better. Aye  
You ain't gotta be stressed out, and  
Go and turn the music loud and  
You ain't gotta have no doubt and

I know, I know it gets better  
I know we gunna make it okay, yes  
Save your trouble for another day, yea  
If you're feeling bad all you gotta say is  
I know, I know it gets

Verse (DRAM)-

Good Times can't be appreciated  
Without going through hardships  
I know you hate it  
Cause it's all for the love and whatever you lovin

Only you can it make it happen  
So you better do somethin'  
You can be a doctor if you operate on it  
I'm not saying be a patient  
But you gotta wait on it  
I'm not saying what you facing shouldn't make you  
feel down  
But it's amazing how the come-up turn your whole  
life around

### Chorus-

I know, I know it gets better. Aye  
You ain't gotta be stressed out, and  
Go and turn the music loud and  
You ain't gotta have no doubt and

I know, I know it gets better. Aye  
I know we gunna make it okay, yes  
Save your trouble for another day, yea  
If you're feeling bad all you gotta say is  
I know, I know it gets better. (Aye)  
Said I know. I know, I know it gets better  
(Aye)

### Verse 2 (DRAM)-

(All you gotta say, yeah)

Personally speaking, I've been there before, scared  
before

Worrisome, worried that my day would come

Oh man, I reminisce about it often

Mopin' my ambition was in a coffin. (Aye)

I had to start believing I could do much more

Here it go, give my all, all the way to sold out shows

Oh man, feels so good I might go shoppin

No more going back to nothin. it's never gon' be an  
option
