## [Verse 1]

I'm here outside when you're ready (When you're  
ready for me)

Bring out the shots and confetti (All night long)

I'll take you home if you let me, yeah (Oh yeah)

Just promise you won't forget me, no

## [Chorus]

'Cause the days get brighter when you're here

So I gotta keep you near

Goin' crazy and I just can't get you outta my **head**

Love is in the atmosphere, you can feel it in the air

Gettin' hazy and I just can't get you outta my **head**

## [Post-Chorus]

Ooh-woah, ooh-woah

Ooh-woah, ooh-woah (My)

Ooh-woah, ooh-woah

Ooh-woah, ooh-woah (My **head**)

Ooh-woah, ooh-woah  
Ooh-woah, ooh-woah (My)  
Ooh-woah, ooh-woah  
Just can't get you outta my **head**

### **[Verse 2]**

You locked the door and it's raining (Just let it rain  
down)

But baby, I'm not complaining, no  
We hit the road and we're racin' yeah  
You make me super impatient (Oh)  
Can you feel the tension? You've got my attention  
I know we're just friends, but I'd rather be together  
instead, yeah

### **[Chorus]**

'Cause the days get brighter when you're here  
So I gotta keep you near (Oh-ah)  
Goin' crazy and I just can't get you outta my **head**  
(Yeah)  
Love is in the atmosphere, you can feel it in the air  
(Oh)  
Gettin' hazy and I just can't get you outta my **head**

### **[Post-Chorus]**

Ooh-woah, ooh-woah  
Ooh-woah, ooh-woah (My)  
Ooh-woah, ooh-woah  
Ooh-woah, ooh-woah (My head)  
Ooh-woah, ooh-woah  
Ooh-woah, ooh-woah (My)  
Ooh-woah, ooh-woah  
Just can't get you outta my head

**[Bridge]**

Can't get you outta my head  
My head, my head  
My head, my head  
My head, my head  
My head, my head  
Can't get you outta my head  
My head, my head  
My head, my head  
Can't get you outta my

**[Outro]**
