## [Instrumental break]

I had a name but they took it from me

I was the man that I wanted to be

I had a place where I lay my **head**

They burnt it to the ground and the sky turned red

I had a life and a place in the world

I had a sweet talkin' wife and a beautiful girl

I know I'm never gonna see 'em again

Gonna tear the world up until I have my revenge

They took my life but it isn't the end

They put me in the ground but I'm back from the  
**dead**

I'm the World Ender, baby, and I'm coming for them

They put me in the ground but I'm back from the  
**dead**

I'm the World Ender, baby, and I'm coming for them

They put me in the ground but I'm back from the  
dead

You'll hear me howl in the light of the moon  
That's how you'll know that I'm coming for you  
Gonna find you alone in the dark of night  
When the World Ender comes better run for your life

I'll never bleed and I won't ever age  
I'll never feel the embrace of the grave  
The fair and the brave and the good must die  
I seen the other side of living, I know heaven's a lie  
I'll tear through the night, and I'll raise some hell  
Cause I'm the World Ender, baby and I'm back from  
the dead

Lord knows I should be pushing daisies  
I was 6 feet down, but something raised me up  
Sent back for to lift my curse  
I'm gonna get me a taste of some chaos first  
Untied, gonna get little wild  
Go screaming through the dark like a demon child  
Close your eyes now, the light is fading  
And the noise in the night is gonna get a little louder,  
baby

I'm the World Ender, baby, and I'm back from the  
grave

They can run for their lives but they cannot be saved  
I'm the World Ender, baby, and I'm coming for them  
They put me in the ground but I'm back from the  
**dead**

I'm the World Ender, baby and I'm back from the **dead**  
**They can run for their lives but they cannot be**  
**[saved]**

I'm the World Ender, baby, and I'm coming for them  
They put me in the ground but I'm back from the  
**dead**

I'm the World Ender, baby and I'm back from the **dead**  
They can run for their lives but they cannot be saved  
I'm the World Ender, baby, and I'm coming for them  
They put me in the ground but I'm back from the  
**dead**
