There is an outlet to connect the headphones. The digital tuner is able to receive TELEVISION channels in DVB-T, DVB-T2, DVB-C standards, DVB-S, DVB-S2.The TV uses a power supply 715G9324-P001-003H.Size: with stand 971x586x218 mm, without a stand 971x564x67 mm.Mass TV with stand: 8.8 kg, no stand: 8.7 kg Panel TPT430U3-VN03. U LED TV PHILIPS 43PUS6503 is expensive and element of it. Don't let any impact on the glass and pressure on the surface of the screen to avoid damage to the LED panel! It is also unsafe to get liquid on the screen. Sometimes one drop is enough if it drains down the glass to the plumes to make the TV unrepairable. If PHILIPS 43PUS6503 is not turned on or periodically disconnected, you should check the sockets and extension cords at the network TV connection location. If PHILIPS 43PUS6503 does not respond to the remote control, but the control buttons on the panel work, there is a certain probability of a remote malfunction (the remote control does not work). It is advisable to check or replace the batteries in it. If you see a signal notification (no signal), you should check the antenna or cable equipment. You can see how the TV is healthy from other external devices. If you don't only have sound when watching analogue television programs, you should check the sound system in your settings. For Russia, D/K (6.5 MHz), for Europe B/G (5.5 MHz). In modern televisions, the region - For Russia East Europe (Eastern Europe) - is usually chosen to set standards for color and sound. If PHILIPS 43PUS6503 is hovering, responding to neither the remote or the control bar buttons, sometimes it helps to restart. To do this, you need to completely disconnect the TV from the network, pulling out cord from the socket, and after 10-15 seconds to turn again. If the screen of the LED TV PHILIPS 43PUS6503 requires careful treatment by users. Glass can crack even with a light blow of a child's plastic toy. In case of screen damage, the LED panel TPT430U3-VN03.U. In such cases, the price must be specified in the AUTHORIZED PhilipS Service Center on the phones listed on the official website or in the accompanying documents.
