Bisnis.com, JAKARTA – In the midst of the COVID-19 pandemic, PT Bank CIMB Niaga Tbk. (CIMB Niaga) does not want to miss out on featuring a free promo to head up Gopay's digital balance using the mobile app and CIMB Click Head of Digital Banking, Branchless and CIMB partner Niaga Bambang Karsono Adio said non-cash transactions are getting increasing what's important to reduce potential spread of COVID-19 through physical contacts in the current situation. Therefore, we cooperating with GoPay to provide top-up promotions for Niaga's CIMB clients who are also the users of the e-wallet application. Hopefully this will make it easier for customers to meet their online needs by staying #dirumahaja, he said in a press release, Wednesday (08/04/2020). Also Read: Gopay Tops Up Cool Free, How Thankfully for Banks? The balance of e-wallet top-up is expected to increase the number of online shopping transactions. In this way, said Bambang, China's online transport industry, e-commerce, and micro, and medium enterprises (MSMEs) that provide various needs of the community can continue to grow amid current economic conditions. Bambang explained that GoPay top-up free promos can be enjoyed by customers by reminding of Go Mobile or CIMB Clicks. How to, connect to Go Mobile application, choose refill menu to continue e-Wallets, select GoPay, enter mobile number and nominally refill, confirm and Go Mobile PIN, and the transaction is successful. Additionally, customers can also head up to the Mobile menu with CIMB Client Transfer. This program is valid for a maximum of 1 time per day or 8 times a month per Gopay user until 31 May 2020. We hope that with this convenience, customers can carry out various activities from households productively and still be glorious. While working at home, customers can also still meet the needs by shopping online through e-commerce in non-cash payments from CIMB's Niaga partner e-Wallet, said Bambang.As for those who own a CIMB Niaga saving account, users can open their first online account at Go Mobile. Along with the number of Go-Feed merchants who upgraded to Go-resto / Go-Biz merchants, Gojek drivers must always sway enough in the app in order to get orders frequently. Vendor Go-Resto is a go-feed system update that drivers do not need to pay in cash when buying food at Merchant Go-Resto. Due to the payment, it automatically deters the Go-Pay balance in the driver app. If the driver balance is up to less, then it will be difficult for drivers to get ordered again, especially Go-Fed orders listed as Go-Resto.Pa there are no definite reasons, at least some drivers have tried and proven themselves by way when balancing the Go-Pay is less. As a result, drivers find it difficult to get ordered again for up to a few minutes or even an hour more. Even if you can order, it is not from Go-Fed orders, but other service orders that custumernya pay with Go-Pay, such as Go-Ride or Go-Cast orders. Maybe GOJEK's latest system detects the amount of driver balance in the application regarded as the capital of a driver. If the balance is below zero, the system automatically transfers to other drivers who have enough capital to pay go-to restore bills. To overcome this, drivers are required above Gopay first. Drivers can head-up at Alfamart or Alfamart.but there's an easy way to top up Gopay drivers without having to go to the nearest alfagroup. The requirement must have a balance of CiMB Niaga mobile account and there is a credit to the number that was registered in the GOJEK application. Here's how top up the Go-Pay balance via mobile phone account on your smartphone: Top up Go-Pay Balance Step Balance via mobile account on SmartphoneThe first step, use a smartphone that uses the number registered as Gojek driver and registers to cimb Niaga mobile accounts.
