This review is from: **ITIL® Foundation Complete Certification Kit - Study Book and eLearning Program 4th Edition (Paperback)**

Originally bought the 3rd edition of this book, just on the cusp of it being updated, and received the 4th edition free as a PDF. Book conveys all the salient points to give you the confidence needed to embark on the first rung of the ITIL ladder.

★★★★★ **Best study guide for ITIL exam**, August 14, 2012

By **Adrian** - See all my reviews

This review is from: **ITIL® Foundation Complete Certification Kit - Study Book and eLearning Program 4th Edition (Paperback)**

Hello,

I purchased this study book, to help me organising my ITIL certification study. The book is very concise, and it follows each of the certification topics. The online course is a valuable add to the study guide.

The questions made easy to evaluate my knowledge, and prepare for the exam.

I feel now confident in taking the ITIL exam.

@the book from amazon arrived in a timely manner

Regards,

Adrian

The "ITIL Foundation Complete Certification Kit" is well written and informative. This is the only book I used to get certified in ITIL.

Purchased this as an alternative to the attendance courses, the book is very well laid out and the accompanying online content is excellent. Well worth the money.
