Ar. T.U.S Investigation: Trainer: Mr. BENGUENAOUI Mohamed ... More Read the publication The introduction I did was my internship at the architectural firm JCH, which is a liberal architect. A liberal architect is a qualified professional working alone or in a self-employed group responsible for designing buildings, drawing up and organizing their construction and development in accordance with building and planning regulations. It monitors the performance of works and helps the owner during reception and resettlement. It is on the second floor of the laboratories JCHa creates its workshop. Five years ago, he moved into the Public State. A building that is dear to his heart, because it is well represented by what drives it: the strengthening of heritage, the construction of the existing one, which, in his opinion, is far from a limitation, is an important element of his work. Public Status I. Presentation 1) JC's activities work on projects for individuals. In this business, you have to take tough competition, so you have to stand out and make a name for yourself in the industry for professionals to call you out. 2) The company's employees Agency consists only of architects consisting of two employees and two self-employed, as well as JC. 3) Working time in the company Daily working hours are usually 9 hours or even 10 hours, but the hours are variable. There are schedules because the schedule is not fixed. Working hours are not related to remuneration. Sometimes JC compensates for overtime, but this helps restore the system that ultimately balances working hours. 4) Evolution in the company JCa has always been one. Architect since February 1986.
