Star Trek Fleet Command MOD App Information: App nameStar Trek Fleet Command Mod Mod FeaturesUnlimited Gold & Unlimited Latinum PlatformAndroid, iOS Size150M Need Root/Jailbreak? No PriceFree Unlimited Gold Unlimited Latinum Free to download Fully Congratulations Star Trek Fleet Command Mod fail is very easy to install Autoupdate No need to root or jailbreak your device! If you're an avid Star Trek fan, with galactic fantasies - you've fared well! A recent game awakened by Skop, called Star Trek Fleet Command, is here to feed your dreams and they as real as possible. You can download games for free from GooglePlay. Gameplay Appears to starTrek Fleet Command contains the same adventurous streak as the film. Once you open the game- you instantly launch into space ... and thrust straight into the middle of the middle War! It's time to prove your frustration, valiant players- so gear up. The game opens by giving you - players- with their own small space stations and ships. These specialize in mobile- and the tools will remain important as they facilitate the journey between galaxy and nature. To get started, you can get your spacecraft and explore the universe. You'll definitely find a crowded system with other players and NPC planets - which makes it so enjoyable! You can seize this time to form alliances and familiarization yourself with places. As you go through the system, the game will give you the mission that you must complete to make progress in the game. Upon successful mission, players will receive rewards such as skills and resources. These resources can be used to upgrade the space station, and buy new and better vessels where you can access more locations. Download Star Trek Fleet Command MODE IOS Download Star Trek Fleet Command MODE IOS As you explore more places, you also have a wider reason for mining resources when you need to flit. However, the most important part of star Trek Fleet Command is a very high-grided combat system. The battle part of the game is exciting because it happens in real time using the actual players of the game. Generally, battles. The system refers to one where you can attack NPC vessels or clash with other players. However, Star Trek Fleet Command isn't just about facing enemies, it's about making friends. You can participate in the alliance system, where you can join some friends, and enjoy the game collectively. Having an alliance system in the game helps because you can support each other to progress and upgrade throughout the game. To encourage this, this game has a global chat window. The aim is to make it easier for players to communicate and connect more personally. Also, the game organizes a variety of events for players. These events are a quick and easy way to earn rewards and enrich the stock of basic resources, materials, ship blueprints, tribal eyes, officers, ships, etc. Play our latest War Robot Apk Mode to get unlimited gold and silver. Features of the game It is an open world, an MMO gaming strategy with eye-opening graphics, and an interactive server to give you a real-life Star Trek experience. You get to experience the combat saga and the legendary war of conflict in the interracial space world. Have a Space station and spacecraft exclusive to you. Collect, build, and upgrade and build an all-round fleet for combat. Use your Starfleet to help the people. Fight crime (like lanun), and bring security into your galaxy. Slowly building the most powerful fleet in the galaxy. Create packs and enemies with real-time players. Cooperate with them, or fight them in epic puak wars. You are you also allies with the ruling forces in the galaxy to make preparations for a new galaxy order. Suit all your skills and courage, and buckle up for the hottest fight of your life in the Star Trek Fleet Command. Be one of the millions of talented people to roam the royal galaxy and establish your dominance with a good round Starfleet. good luck!
