**Low Storage, High Deception** - A resident reported a phishing email impersonating Apple's iCloud service, claiming "Your iCloud storage is full." The message appeared to come from an address using a deceptive domain ("noreply@email[dot]apple") and included Apple branding and formatting to look legitimate. The email warned that the user had exceeded iCloud storage limits, causing backups, photos, and app syncing to stop, and threatened that email service could be disrupted if no action was taken. It urged the recipient to upgrade to "iCloud+" (200 GB for \$2.99/month) or reduce storage usage, using urgency and potential service loss as pressure tactics. *CyberWyoming: Do not click links, download attachments, or enter any Apple Account credentials. Always verify storage status by logging into your account directly through official settings or the iCloud website.*

**Wyoming eSign Scams Strike Again** - A Fremont County resident reported receiving a suspicious scam email posing as "Wyoming eSign," sent from an unusual @xj[dot]commufa[dot]jip domain. The message addressed the recipient by email name and claimed there was an urgent "Agreement Settlement Notice" requiring immediate review and signature via a SharePoint Online document. It referenced a fake "May Settlement" PDF with an ACH reference number and included a "Verify Document" button, attempting to prompt the recipient into clicking a malicious link. *CyberWyoming Note: Do not click any links or buttons in unexpected emails, especially those that pressure you to act quickly on documents or payments. Verify the message by going to the organization's official website or using a trusted phone number.*

**Basics of what DFS/APS can do:**

- If an abuse/neglect case is reported and opened, an APS Caseworker will respond within 24-72 hours, depending on immediate danger or impending harm.
- APS is mandated by statute to notify law enforcement.
- An APS Caseworker will interview the vulnerable adult to determine the facts of the situation.
- APS works with the vulnerable adult regarding availability of community services he/she is agreeable to receive in order to ensure his/her safety.

**Basics of what DFS/APS cannot do:**

- APS cannot force anyone to accept help, adults have the right to refuse.
