

AIRiQ CAR

Air Purification for vehicles

AIRiQ CAR (by AirVia)

A new design
innovative and compact

The latest addition to the AIRiQ product line uses the same filtration technologies that have made our products so successful. It is now offered in a compact and elegant format, perfectly suited for all types of transport

Recycle and purify cabin air

Thanks to its 3 air inlets and 2 air outlets, the **AIRiQ CAR** quickly purifies the air inside your vehicle. In a matter of minutes, all the air in the cabin is filtered. Enjoy your trip while breathing clean air.

AIRiQ CAR is effective against carcinogenic substances such as fine particles, cigarette smoke, volatile organic compounds (VOCs) and various atmospheric pollutants (such as smog). It is also effective against allergens, mould and stubborn odours.

Enjoy fresh, clean air while driving. Development of the **AIRiQ CAR** air purifier has long been one of the most common requests from our customers. Convinced by our technology in their home and office, our customers wanted to be able to benefit from the same protection on their commutes and road trips.

Protect yourself from toxic substances inside your car

Formaldehyde

PM2.5

Dust

Pollen

Smoke

Allergen

Animal hair

Toxic gas

Microscopic
particle

Pathogenic
Bacteria

Multi-layer filter with a HEPA filter

- Pre-filter
- Bamboo fibre filter, soaked Lysozyme
- HEPA H13 filter - captures 99.97% of particles with a diameter greater than or equal to 0.01µm
- Active carbon filter
- Negative ions - ionisation density of 5 million pcs / cm³

Pollution data in real-time

The air purifier comes equipped with an integrated digital display that shows real-time data such as fine particle pollution rate, temperature and humidity.

When in automatic mode, the **AIRiQ CAR** reacts to the air quality by increasing or reducing it's speed. When the air quality is optimal, the device enters standby mode.

The AIRVIA connect App

Take control of your **AIRiQ CAR** air purifier with the <<AIRVIA CONNECT>> smartphone application for Android and iOS. You can turn automatic mode on and off, adjust the fan speed and check pollution levels, amongst many other features (coming soon).

TECHNICAL CHARACTERISTICS

Product Model	AIRiQ CAR
Reference number	AVT
Colour	White
Range of action	Up to 13 m ³
Particle CADR	Speed 1 : 15 m ³ /h Speed 2 : 32 m ³ /h Speed 3 : 45 m ³ /h
Formaldehyde CADR	Speed 1 : 6,4 m ³ /h Speed 2 : 13,7 m ³ /h Speed 3 : 19,3 m ³ /h
Negative Ion Density	5 millions pcs/cm ³
Input Voltage	Cigarette lighter plug 12V (CC)
Wattage	Speed 1 : 2,7 W Speed 2 : 5 W Speed 3 : 7 W
Noise Level (decibels)	Speed 1 < 20 dB Speed 2 < 35 dB Speed 3 < 50 dB
Product Size	13,0 x 13,0 x 34,0 cm
Net Weight	1,5 kg
Power cable	4,5 m long
Multi-Layer Filter	Weight: 135g Dimensions: 57mm (int.Ø) x 94mm (ext.Ø) x 186mm (height)
Filter Composition	Pre-filter + Bamboo Fibre and Lysozyme + HEPA H13 Filter + Activated Charcoal
Lifespan of filter	6 months
Purification Functions (in addition to filter)	Negative ions (ionisation)
Sensors	Fine particles sensor (PM2.5) Temperature and Humidity sensors
Package Content	AIRiQ CAR air purifier (Main unit) x 1 Power cable with cigarette lighter plug x 1 Mounting system for head rest x 1 Protection pillow x 1 + User manual x 1
Smartphone app	Compatible with the AIRVIA Connect app (Android/iOS) - Coming soon
Air Quality Indicator	Excellent : Green ; Fair : Yellow ; Bad : Red
Warranty	30-day «Money-back guarantee» return policy 3-year Limited Warranty
