

BAFET Product: Business silo breaker

We offer a multi-disciplinary, evidence-based approach to better understanding your planning and operational application landscape

We've designed this tool to ensure you don't need to change your people or structure

What is it that you receive

All licenses come with:

- More than 80 input points for evidence collection
- Comprehensive set of analysis reports
- Choose from several visual skins to suit your environment
- 80 consulting hrs to stand-up framework & tool environment
- Best practice guide for how to implement and support it
- 1 day of support per month
- A 36 month license

Benefits to your business include:

- Empowering the talent in your organisation
- Move IT from a Total Cost of Ownership (TCO) measurement model to a Return on Investment (ROI) model and mindset
- Anchor your organisation's enterprise benefits framework, and if you don't have one, this tool gives you the necessary building block to make the case

Three ways to acquire BAFET

BAFET Option	Description
Enterprise License, Standard	Track your current asset performance value between IT and its business customers
Enterprise License, Premium	Added benefit of linking tool to the value of your technology roadmap
Trial, 2 Business Applications	Take a 'risk & rewards' consulting option. Minimise the financial risk by spending less up front and then less to acquire a license.
