File size No. 866KB ICAO 11 Air Traffic Services App ICAO SARPS (Standards and Recommended Practices) for each ICAO area of responsibility is contained in 19 applications. Each application touches a specific domain. All of them are subject to regular amendment, and details of many of them are contained in the publications contained in the ICAO's pro-world series of documents. ICAO Apps Application: Appendix 1 - Staff Licensing Appendix 2 - Air Rules Appendix 3 - Meteorological Services Appendix 4 - Aeronautical Maps Appendix 5 - Units of Measurement Appendix 6 - Aircraft Operations Appendix 7 - Citizenship and Aircraft Registration Signs Appendix 8 - Aircraft Flight Fitness Appendix 9 - Promoting Appendix 10 - Aeronautical telecommunications Appendix 11 - Air Traffic Services Appendix 12 - Search and Rescue Appendix 13 - Air Accidents and Incidents Investigation Appendix 14 - Aerodromes Appendix 15 - Aeronautical Information Services Appendix 16 - Environmental Protection Appendix 17 - Safety Appendix 18 - Safe transport of dangerous goods by air Appendix 19 - Security Management Apps 2, 5, 7 and 8 contain international standards and do not contain recommended practices (RS). The other 15 apps contain both. Contract States are required to report differences in standards and are asked to notify them of differences in recommended practices in applications. This information is then listed in the app additions. It should be noted that ICAO standards do not preclude the development of national standards that may be more stringent than those contained in the annex. For a summary of apps 1 to 18 click here. Doc Series ICAO documents cover a range of issues, from regulation to guidance. Some are free, while others can only be obtained for a fee. To access the documents, visit the ICAO website. Some ICAO publications are free. Related articles icao annex 11 15th edition pdf
