Lisa Nichols is the founder and CEO of Motivating the Masses, one of the world's leading training and development companies and the only publicly traded motivational company in the country. The author of a best-selling book of six books, Lisa is one of the most sought-after transformational speakers whose global platform has reached and served millions. Lisa's unusual story transforming her own life from a struggling single mother to public assistance from south-central Los Angeles to being a millionaire entrepreneur is the inspiration behind her daring mission to teach others that one can do the same. Using her signature NO MATTER WHAT! A system that is based on her New York Times bestseller of the same name, Lisa teaches people how to master achieving unfathomable goals and harness their limitless potential. Lisa is also a well-known media personality who has appeared on Oprah, The Today Show, The Steve Harvey Show, and Extra - just to name a few, and has also starred on the NBC Emmy Award-winning show starting first. Invented by a breakthrough specialist of her peers in the industry, her powerful message of empowerment, service, gratitude and excellence was delivered through workshops and programs that impacted the lives of millions of adults, touched the lives of 211,6500 teens, prevented more than 3,800 teen suicides, supported 2,500 dropouts back to school and helped thousands reunite with families through her nonprofit foundation, Motivation. Awarded numerous awards for her work, Lisa received the Humanitarian Award from the country, the Ambassador's Award and the Legoland Heart of Learning Award. The city of Henderson, Nevada named November 20 as the motivation of Teen Spirit Day and the city of Houston, Texas named May 9 as Lisa Nichols Day for her dedication to service, charity and healing. As a founding member of the Transformational Leadership Council, Lisa joins other personal and organizational luminaries of development, such as Jack Canfield, Marcy Shimoff, and others, to work together to create values and learning that help people change their lives and change the planet. As CEO of Motivation Mass, Inc., Lisa Nichols leads a very energetic, heart-centered and experienced business leadership team and leadership master coaches and trainers who serve speakers, authors and entrepreneurs with world-class programs, masterminds and products. Lisa lives, plays and works in the great San Diego, California area and on stages around the world. New York Times bestselling author, Personal Transformation Guru, and Life Coach Steve Harvey Show and Today, Lisa Nichols shares her journey from deficit to abundance, outlining the steps anyone can take to create exuberance in career, relationships, self-government and finance, while creating for others to follow. Twenty years old Lisa Nichols was a single mother, dependent on state aid and jumping from one dead end to another. Determined to break free from the startled thinking, negative behavior, and bad habits that kept her from succeeding, she decided to change her life. Today she is leading the life of her dreams. In abundance now, this icon in the field of personal transformation shares his secrets of creating a life that is rich in every possible way. Focusing on the four areas of life that must be refined to bring true abundance, or 4 E-enrichment, charm, participation, endowment-nichols defines the framework on which existence is built. Abundance Now offers provocative lessons, real plans and real case studies, and it is clear what we should do every day to attract abundance, how to act as if we are already having abundant lives, and how to open the door to living wealth in our work, our relationships, our finances, and our view of ourselves. Interesting, but full of repetitions! Written as the author communicated with you or giving a speech to an audience, at some point you ask yourself why Lisa Nichols is going, back and forth, with her ideas and tips to motivate you. Why can't you close the chapter and move on to another topic without going back to the same thoughts reformulated? Don't believe me wrong, ideas and tips are easy to practice and she is very good with motivation. Well, there are some cliches and you've heard about the power of visualization and positive thinking before. Especially when you are reading a book where you are looking for a guide to change your life and yourself. This often means that you need to be told over and over again that you are great, that you can achieve your goals and that you are missing. But compared to another book, I feel like I'm watching the show. So in the middle, I got less enthusiastic about my read. It is a pity because she points her fingers nicely on many ways to change our views on our lives, relationships and how to achieve our dreams. See for yourself! Lucie More...
