You are trying to open an invalid application directory. While the File has been successfully opened, the Open operation has failed. Before you request another operation, you must close the File that is associated with the SharedMemory. Also, the modified date of the file is the time it was last written to the file system by a program running in user mode. Write flags are used to make the modified date a modification timestamp. To ensure that the original version of a file is used, set the LastWrite time to zero when the File object is created. To set the modified time to the current time, use the GetLastWriteTime method to get the File object and use the SetLastWriteTime method to set the ModifiedTime property. WASHINGTON (Reuters) - U.S. Navy ships to be deployed to the South China Sea for the first time this summer are not suitable for combat operations and could only be used to assist an incident, the Navy's top weapons officer said on Thursday. The USS Peleliu, assigned to Carrier Strike Group Three, prepares to cast off from its mooring on the seaward side of Terminal Island Naval Station for a mission in the South China Sea, Tuesday, July 25, 2016, in Long Beach, California. U.S. Navy photo by MC3 Michael M. DeMuro. "Those ships are not intended to fight anybody," Vice Admiral Joseph Aucoin, director of the Office of Program Analysis and Evaluation, told a hearing of the Senate Armed Services Committee. "There's a real world event that we're going to have to respond to," he said. "It's not intended for combat." He said it is the 520fdb1ae7
