## ART ALIVE 2023 FEATURED LEGACY DESIGNER

Sadako Oehler is a professor of Ikenobo Ikebana and President of the [Ikenobo Society of San Diego](#). She was one of the participants and demonstrators for the very first Art Alive in 1981 and has continued to participate regularly since that time.

This year we honor Sadako as one of the longest participating Art Alive legacy designers with a special tribute in the Art of East Asia galleries, on view throughout Art Alive weekend.
