

Millionaires don't use astrology, billionaires do. - J.P. Morgan

This is a time of great transformation and a massive acceleration in human evolution. As a leader, you already know this. You must be able to create ground with these higher frequencies. You must reconfigure yourself to have an infinite experience in finite form. This capacity will help you shift the global sectors you desire to change.

It requires a profound level of multi-dimensional fitness. It takes spiritual strength, physical stamina, and mental acuity. You are going to need a highly intelligent sensory system and keen intuition to create the reality of your vision. What this means is that you will actually enjoy the complexities of the world in a masterful way.

This is why we created *Elite Mystique Agency*, a Premier League of Elite Leaders & Athletes.
