Cosmos quest guide

Miracles Treasure Chest World Boss Daily Quests Tournaments Hero Manager Rating Battle Each quest corresponds to each stage of evolution or origin of ascent and contains 3 goals: Win with 6 monsters or less Win with 5 monsters or less Win with 4 monsters or less You can get one hero story by completing each page of the quest with all 3 goals done. This is a table about solving each quest and goal without heroes who are only CONTAINS MONSTERS as a battle unit. There are many solutions, but they are the cheapest, to be selected: 1234566789101111111111416161819202122222222525272829303132 v2.9.5.0: Add 4 new PVE cards (17 - 20) v2.9.5.0: Add 4 new PVE cards (17 - 20) v2.5.0: Add 4 new PVE cards (17 - 20) v2.5.0: Add 5 new PVE cards (12 - 16) v2.6. 1.0: Add 3 new PVE cards (9 - 11) v2.5.1.0: Add 3 new PVE cards (6 - 8) v2.4.2.0 : Show the enemy grid as a toolkit over the Fight button. v2.4.0.0: Add 5 more quests: 21 - 25. v2.3.1.0: v2.2.1.0: Changing conditions for combat awards. Now the goals are to defeat the enemy squad with 6, 5 and 4 monsters in you grid. v2.1.0.0: PvE quest Guide to Kongregate Forums - By FireproofKing Cosmos quest is the first game developed by GaiaByte, it was released on Kongregate on February 17, 2017. Based on the Kardashev scale, the player will gather energy to conquer space and time with the help of technology. Each player will control the fate of his species, starting from a simple caveman evolving into eternal creatures. This website contains data related to gameplay activities in the Cosmos quest to respect your privacy we hide all the names of the player's users. In order for your username to appear on this website, you must give us permission by selecting Display Name to switch to the Options menu in the game. You can disable this at any time using the same method. You can search for player data by searching for a username in the User section. This will only be displayed by users who have given permission to display the username. Higscore's seasonal records allow players to track their seasonal tournaments, with players being rewarded at the end of each season based on their performance. The history of tournaments can be found on the Tournament page. Tournament 11 Rules - 5 Lives: Players will fight against a random opponent (without repeating). After losing 5 times, players are eliminated. Players are then ranked based on the round they lost in the first place and then the damage is seen as decisive. - Lane League: Players will fight against all other players earning points based on wins for each lane. After the game a fixed number of players each will be ranked based on their total points and then the damage done will be decisive - Page Rank: Players will fight against all other players earning points based on wins. Wins over a player with a higher winning rate are more valuable than defeating a player with a lower winning rate. Win. ranked based on their points, and then the damage is seen as decisive. Hero Pools - Every tournament that does not include players of personal Heroes selected from 2 Hero Pools as follows - Breast Heroes - Seasonal Heroes (Heroes derived from chests or how seasonal awards are in this pool) - quest Heroes - Heroes events (Heroes obtained from quests, events or others (Auction House / Shop) are in the pool) Hero modes - Your heroes - No Heroes: Players can't use any heroes. - Super Ascended: Players can use the random 1000 Ascended Heroes Level selection (All players have the same choice). - Your legendary: Players can use all the legendary heroes they unlocked. - Accidental Promotion 6: Players can use a random selection of heroes set at promotion level 5 (all players have the same choice). - Your total: Players can use all the common heroes they unlocked. - By accident: Players can use a random selection of heroes (all players have the same choice). - Accidental Legendary: Players can use a random selection of legendary heroes (All players have the same choice). - Your rare: Players can use all the rare heroes they unlocked. - Random Common: Players can use a random selection of common heroes (all players have the same choice). - Super Rare: Players can use a random selection of 1000 rare heroes (all players have the same choice). Follower modes - Each tournament players have access to the number of followers that is generated based on the strength of the heroes available in this tournament. Players will find in most tournaments they should be able to use the strong balance of Heroes available, as well as followers available to purchase monsters. The main content is all available now (0) Coming on (0) metadata We have too many sticky threads.
