[Verse 1]

When the sky is gray
And the moon is hate
I'll be down to get you
Roots of earth will shake

[Hook]

Sinister purpose
Knocking at your door
Come and take my hand

[Verse 2]

Burn away the goodness
You and I remain
Did you see the last war
Well, here I am again

[Hook]

[Verse 3]

I can set you free
Make you rich and wise
We can live forever
Look into my eyes

[Hook]

Mm-mm-mm-mm....
